JUSTICE EXPECTED TO FURNISH RULING IN CONSPIRACY CASE

Will Decide Whether Testimony Of 1923 Is Admissible

WASHINGTON, Oct. 24.—Harry F. Sinclair awaited the opening of court this morning in his trial, together with ex-Secretary of the Interior Albert B. Fall, for criminal conspiracy to learn whether or not admissions he made in 1923 to a senate committee may be used against him.

Over the week end, Justice Frederick Siddons had before him the arguments of opposing counsel on the question and this morning he was scheduled to hand down a ruling. Martin W. Littleton, Sinclair's attorney, has quoted the statute forbidding the employment of congressional testimony against a person in a later criminal proceeding. Owen J. Roberts, government counsel, contends that Sinclair failed to plead for such immunity at the time he appeared before the senate committee and therefore is not entitled to immunity at this late date.

The testimony in question was to the effect that Sinclair and one of his lawyers had made a trip to Three Rivers, New Mexico, Christmas week, 1921, for the express purpose of seeking Fall about leasing the Teapot Dome naval oil reserve from the government.

It is the prosecution's contention that this lease was fraudulently made and that Fall accepted a bribe of one quarter million dollars for jamming it through. For that reason, Roberts is most anxious the jury hear in Sinclair's own words a statement that the oil magnate traveled clear across the country to see about the lease three months in advance of its consummation.

When Fall and E. L. Doheny stood trial for conspiracy in making of the Elk Hills naval reserve, objections were raised to admission of Doheny's testimony before the same senate committee, but Justice A. A. Hoehling ruled it in. For that reason, Roberts is hopeful of again winning his point.

A ruling favorable to the government will mean much to the prosecution for it will permit also the placing of testimony Fall gave the senate in the present record.

TO ARRAIGN DOCTOR HEAD OF CLEVELAND CLINIC ON CHARGE

Allege Physician Is Practicing Without Ohio License

CLEVELAND, Oct. 24.—A hearing on a writ of habeas corpus filed by Dr. Horace D. Reynolds, now being held in connection with alleged illegal operation of a "health clinic" here, was set for 2:30 p. m. today.

Reynolds has denied practicing without a medical license, as has been charged in a warrant issued following the death Thursday of a patient treated at the clinic. Another patient died late Saturday, and physicians at city hospital today reported there was little hope for a woman there, who was a former patient at the Reynolds laboratory.

"I have no Ohio medical license," Dr. Reynolds stated, in making his denial, "because I do not need one to perform my functions. I act in the same capacity as an intern at a hospital. I have been in business fifteen years, and in the last six years my institution has treated approximately 300,000 cases of this out of a fatality. Neither of the persons who died was treated by me personally."

Dr. Reynolds has clinics operating in Chicago, Philadelphia and Detroit, he said.

Authorities here today were trying to establish the source of the latest shipment of "blood serum" received at the clinic. Records were found which checked with all previous shipments, detectives said, but no bill of lading could be located for the last.

MORROW ASSUMES POST IN MEXICO

MEXICO CITY, Oct. 24.—Dwight W. Morrow, American Ambassador to Mexico, formally took charge of his post here today. Mr. Morrow arrived late yesterday on a special train from Laredo.

An early meeting with President Calles is being sought and a request probably will be made through the foreign office either tomorrow or next day. At the meeting the ambassador will present his credentials.

Upon his arrival here Mr. Morrow was extremely reticent. He firmly declined to say anything for publication. He explained he could not permit himself to give even his first impressions of the country from his manner it could be gathered, however, he was pleased by the cordial receptions tendered him along the route from Laredo here.

Murders Two Girls

Wilfred Winters, 19, of Chicago, slayer of Margaret Martin and Katherine Stadler, committed suicide after killing them and throwing their bodies from auto.

COUNSEL FOR REMUS WILL SEE BUSINESS FRIENDS OF SLAYER

Former Associates To Testify — Proves Murder Offer

NEW YORK, Oct. 24.—Chas. Elston and Carl Basler, gathering depositions for George Remus, bootlegger, charged with the murder of Imogene Holmes Remus, his estranged wife, are in New York today after what Elston described as a very successful visit to Philadelphia.

Today they will interview Representative F. H. LaGuardia of Harlem, Morris Sweetwood, Mrs. Paulina Sweetwood, his wife, Mr. and Mrs. Mannie Kessler, the latter four business associates of Remus, and two "surprise" witnesses. By these Remus expects to trace the activities of Mrs. Remus shortly before her release from Atlanta Penitentiary. He claims she was trying to cover up an affair with Franklin Dodge, Department of Justice agent, and to conceal Remus' fortune, which had been left in her care.

The Philadelphia visit afforded absolute proof of Remus' contention that Mrs. Remus and Dodge offered \$20,000 to have him killed in the fall of 1925, Elston said. Russell Montz, stenographer of the Philadelphia Police Department, employed by John R. Marshall, special prosecutor of the Jack Daniels conspiracy case at the time Remus testified against his former associates in that case, swore that he and Marshall had offered Remus a guard from four gunmen who shadowed the bootlegger from his hotel.

Remus was given a .45 caliber service pistol with which to defend himself. Montz (qtd) said, at the suggestion of Marshall. Montz denied he had been given liquor or money by Remus.

JOCKEY IS SUICIDE AFTER HURTS KEPT HIM FROM RIDING

One-Time Leading Rider Takes Gas To End Life

NEW YORK, Oct. 24.—Injuries suffered in a fall at the Jamaica track, it was believed today, drove Benny Marinelli, classed a few years ago as the country's leading jockey, to end his life by gas.

Marinelli was twenty-five, committed suicide in a furnished room in Jamaica. He left a note which hinted that he had not been on good terms with his wife, who nursed him through the long illness after his fall. In it he demanded that she be refused permission to see his body and requested that he be buried in New Jersey.

Marinelli had come up from Maryland, where he rode his first winner since his accident, and was prepared to take part in the Jamaica meeting riding in the colors of Mrs. A. Swenke.

He had been here for two weeks, and was training daily at the track working more than is customary for a jockey of his reputation in order to get back into trim.

He was known as the most reckless jockey of the present day. His accident occurred on May 9, 1925, when his horse, Upton, fell in the first race, and Mark Fator, on Firearm, rode him down. Fator suffered minor injuries, while Marinelli sustained a fractured skull and internal hemorrhages.

In 1921 Marinelli was the leading jockey of the United States. Earl Sande that year was in second place and L. Fator was third. In that year Marinelli rode 118 winners, 101 seconds and eighty-five thirds.

POLICE PROBE HOLD-UPS

BRANCH GROCERY IS ROBBED; CITIZEN FRIGHTENS GUNMEN

Grocery Yields Large Sum—Ralph Chambliss Saves Valuables

Holdup of The Great Atlantic and Pacific Tea Co. branch store at 233 W. Main St., at 11 o'clock Saturday night by two unmasked men, and an attempted holdup of Ralph Chambliss, 31 Cincinnati Ave., on W. Second St., about two hours earlier the same night, were objects of police investigation Monday.

The robbery at the grocery store occurred as J. A. Wipert, R. R. No. 3, manager, and his wife, were closing the store.

They were alone in the store and after locking the front door, had secreted the day's receipts, preparatory to leaving for home. Two strangers, rapped on the front door and Mrs. Wipert, thinking they were late customers or had forgotten something on a previous visit to the store, unlocked the door and permitted the pair to enter.

One of the men said he wished to buy some cakes. Mrs. Wipert stooped to obtain the cakes and when she looked up the man had drawn a revolver. He commanded her to hand over the paper money in the cash register and when she said the register was empty, he ordered her to get the money from its place of concealment. She complied with the request. Her husband was meanwhile "covered" by the stranger's companion, who also flourished a pistol.

The pair then walked out of the door and made their escape. It is uncertain whether they fled on foot or used an automobile.

Mrs. Wipert rushed to Police Headquarters in an automobile to give the alarm. In the belief the robbers may have escaped toward Dayton, Peter Shagin, motorcycle policeman, patrolled the Dayton Pike. He overtook a motorist who had left Xenia for Dayton sometime before and the autoist informed the officer no auto had passed him. The chase was then abandoned in that direction.

Two hours and a quarter earlier the same evening three unmasked men made an unsuccessful attempt to holdup and rob Ralph Chambliss in front of the J. M. Fletcher residence, 202 W. Second St.

Two men, pushed revolvers against Chambliss' ribs with a command to "put 'em up." Instead of complying, Chambliss shouted for help. The men repeated their command and Chambliss' only answer was to re-double his yells for assistance. Although warned not to shoot a third time under threat, Chambliss again shouted and the would-be holdup men ordered Chambliss to "get out of here," to walk west on Second St., and not to look around. Chambliss obeyed and prevented the loss of \$40 in cash and his watch.

Michael McCurran and Dan Comford were on the other side of the street when the attempted holdup took place. They watched the trio run south on Galloway St.

Police arrested one suspect Sunday in connection with both holdups and were searching for another man.

The suspect under arrest at Police Headquarters is registered as E. H. Fayre, 26, Clarkburg, W. Va., who was arrested at a W. Main St., filling station by Shagin at 10:30 p. m. He had a .22 revolver in his possession and a number of 38 caliber cartridges.

Police said Fayre denied he was involved in either holdup, and could not be identified as a member of the robber band by either the Wiperts or Chambliss. They were unable to recognize him.

Police declared he would probably be arraigned Monday on a charge of carrying concealed weapons.

It was learned that Fayre came to Xenia Saturday and stayed overnight while repairs were being made on his automobile. A companion, who accompanied him to Xenia, and with whom he was traveling, disappeared, and is being sought by police.

MERCHANT HELD ON CHARGE OF FRAUD

TOLEDO, O., Oct. 24.—F. S. Beade, president of the Beade Clothiers Co., Beaver Dam, near Lima, was awaiting arraignment, in federal court here today, on a charge of using the mails to defraud.

Beade's arrest is an outgrowth of the closing of the Farmers and Merchants Bank of Beaver Dam. Beade is said to have drawn a \$25,000 draft on a New York firm of which his company is said to have been a subsidiary, and collected the money after which the New York company, refused to honor the draft.

"Suckers" Still Biting

HOUSTON, Tex., Oct. 24.—"Gold brick financing" takes from the American public in excess of one billion dollars a year, Harry W. Riehl, general manager of the Better Business Bureau of St. Louis, Mo., declared in an address today at the opening of the fifty-third annual convention of the American Bankers' Association here today.

Stock crooks utilize a highly organized system to dupe the public of such a huge sum annually, he said, pointing out that they even go to school, that they swap "sucker lists" and that they learn the rudiments of gold brick financing through study and application of various types of fraud. They are psychologists, too.

"You never heard one of these promoters use such a name as 'Blatz,'" said Riehl. "This is a harsh guttural Gothic name likely

to jar the sensibilities of victims when talking to them over the telephone. 'This is Blatz talking' would not do—it would build up an almost certain sales resistance. And so the stock promoter deals in French and Latin names."

Stock promoters proceed on the old theory, Riehl said, that "once a sucker, always a sucker," and so they have sucker lists. The suckers are called "lillies." "There is a regular business of gathering these sucker lists," Riehl continued. "The names are bought and sold like cattle. Notations are made of the mental attitude, the temperaments and other peculiarities of the possible victims. I have here some actual sucker list cards. One reads: 'Hit the chap for a thousand shares—he owns a Packard.' Another says 'Soap this bird for a thousand shares—he's a sweet mooch.' Another says, 'Handle this

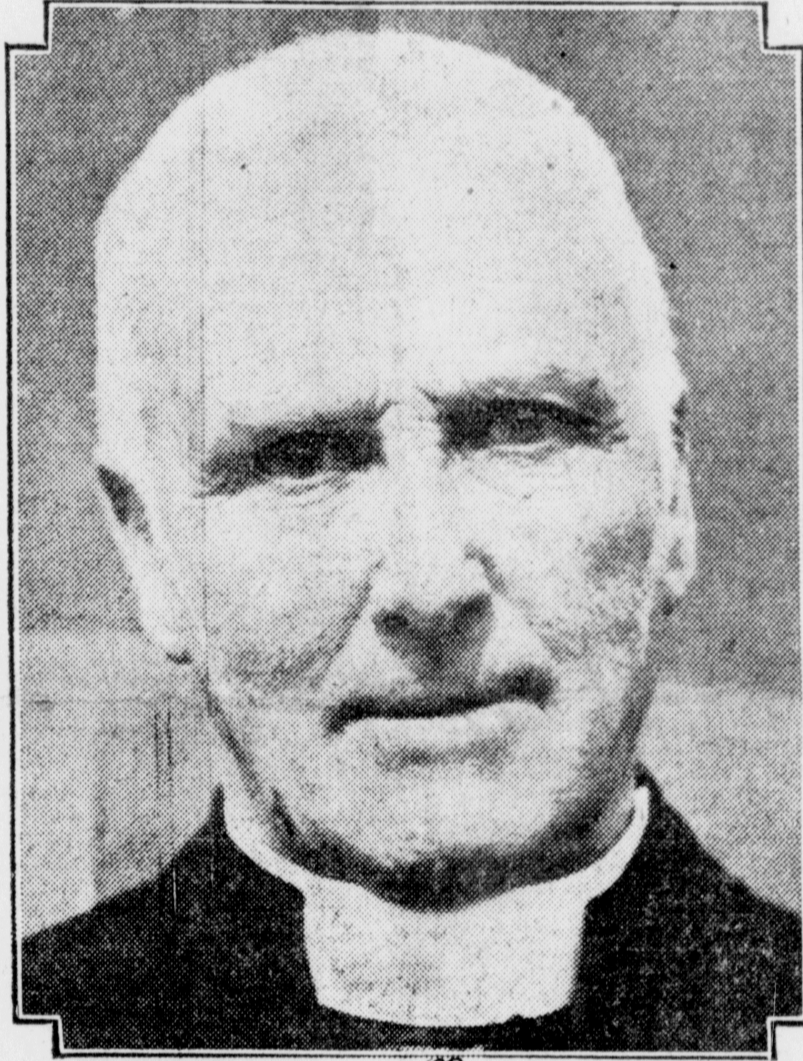

guy with kid gloves'—He's been burnt before."

The stock promoter feels it is easy to get a victim who had been caught before. Riehl said that "re-loading," as it is called, is taking advantage of the fact that the victims are already steeped in speculation and that he will spend more money in an attempt to get out.

Riehl concluded by telling the bankers how the Better Business Bureaus of the country were combating the "gold brick" evil.

Dan V. Stephens, president of the Fremont State Bank, Fremont, Neb., told the delegates that throughout the United States since deflation began seven years ago there have been more than 4,000 bank failures, which have tied up more than one billion dollars in deposits, 50 to 75 per cent of which, he said, will be a total loss to depositors.

MADAME LUPESCU SACRIFICES LOVE FOR SAKE OF PRINCE CAROL

Titian Haired Charmer Sends Lover Away To Aid Him In Fight For Throne—Queen Attempts Reconciliation

PARIS, Oct. 24.—Mme. Magda Lupescu, the titian-haired Romanian for whom Prince Carol sacrificed his rights to the throne, has elected to put an end to her romance with the prince in order that he may be in a more favorable position to win restoration to his rights as head of the Roumanian House of Hohenzollern.

Prince Carol and Mme. Lupescu have been spending their last week end together at Mme. Lupescu's country villa debating their position, and after a great struggle, Mme. Lupescu has decided that she will assume the role of "Dame Aux Camelias" and send Prince Carol back to Paris to live alone in exile.

Mme. Lupescu has decided upon the friendly separation because she has come to a realization that Prince Carol's love for her stands as the principal obstacle in his way back to the throne.

Prince Carol returns to his Neully home this week to await the action of his supporters in Roumania, and Mme. Lupescu remains at her country villa.

"My friends must act independently," Prince Carol said. "They must make all their plans without my participation."

"I am no plotter," Prince Carol's closest friend and adviser, who has been sharing his isolation at Mme. Lupescu's villa, leaves tonight for Bucharest but asked that his identity be undisclosed.

BERLIN, Oct. 24.—The former crown prince of Germany today branded as a fake an interview printed by the Sunday Chronicle of London, quoting him as predicting that the ex-Kaiser would return to Berlin.

The former crown prince said he did not expect his father to try to return to Germany or the restoration of the German Monarchy.

The London Sunday Chronicle quoted William (the ex-grown

MAYOR THOMPSON IS CONTINUING WAR ON ENGLISH MONARCH

To Purge Libraries Of "Unpatriotic" History Books

CHICAGO, Oct. 24.—Mayor William Hale Thompson's private war against Great Britain continued today of four definite fronts today. With Napoleonic vigor, Chicago's cowboy mayor stalked at the head of his mythical legions and aimed straight for the lion's jaws.

His campaign to "rid Chicago's schools and libraries of British propaganda," developed a series of interesting new angles today.

Carl B. Roden, head of the Chicago Public Library and president of the American Library Association, announced he would give Mayor Thompson every assistance in his drive to purge the library of unpatriotic texts.

Mr. Roden, who has just returned from Europe, said:

"There are at least a dozen and, for all I know, 1,200 histories on our library shelves which insinuate that the American revolution was a mistake."

The trial of William McAndrew, suspended superintendent of schools, who is accused of furthering pro-British influences in the schools, will be resumed today with Congressman John J. Gorman in the role of chief prosecution witness. Gorman was appointed by Mayor Thompson to investigate the suspected school history books.

Gorman charges that McAndrew urged his school teachers to take a special course of history instruction at the University of Chicago in which a textbook is used which, in effect, describes the patriots of the Boston "tea party" as a "band of pirates."

Gorman said he would read from the stand today un-American sections from three history textbooks, all of which, he says, have influenced teachers in the public schools.

Mayor Thompson today instructed Frederick Rex, municipal reference librarian, to clear his files of all pro-British texts.

A similar drive, under the personal direction of U. J. "Sport" Herrmann, is in full blast at the main public library and its branches. All of the "poisonous books," Mayor Thompson says, will be gathered together and taken to the lake-front where they will be burned with fitting ceremonies.

CLEVELAND, Oct. 24.—Michael Foley, 48, believed to be from Niles, Ohio, was killed in Mayfield Village by an automobile late Sunday night.

DENY REPORT FORD HAS PLACED O. K. ON PROPOSED NEW AUTO

DETROIT, Mich., Oct. 24.—The new Ford car, in its experimental stage has been approved by Henry Ford, but it has not been O. K'd for production, since Ford is reserving decision on several minor parts, according to an official statement today from the Ford Motor Company.

Officials said Henry Ford was not at the new assembly plant Thursday, as stated in an article in a New York newspaper announcing the "official turning out of the new Ford car."

He spent the entire day with C. E. Sorenson, general manager, in the Dearborn laboratories. There has been no exhibition of the new car in Dearborn, or anywhere, as said in the New York newspaper.

"It is news to me that there has been a new car placed on exhibit," Mr. Black, advertising manager, said today. "There has been no exhibit anywhere of the new Ford."

COUNSEL FOR RUTH SNYDER ASKS NEW TRIAL ON OLD LAW

Attorneys Resort To English Statute To Get Appeal

ALBANY, Oct. 24.—Attorneys for Ruth Snyder, comely sash-weight murderess, will use an English law 300 years old as authority for a new trial they were to ask today in the court of appeals.

Edgar Hazelton, who defended the woman at her trial before Supreme Court Justice Scudder for the murder of her husband, will contend she should not have been tried jointly with Henry Judd Gray. Hazelton says the double trial was against the provisions of the Baumes law.

A plea for a new trial on similar grounds will be made at the same time by Gray's lawyers. Their ground is that he was emotionally insane on the night he killed his sweetheart's husband, Albert Snyder.

Samuel L. Miller, attorney for Gray, conferred with his client last week in the death house and read to him a brief on the logic of which his life depends. Gray told him, according to Miller, that he felt confident of escaping the chair.

Mrs. Snyder, however, it was said does not have much faith in the appeal for a new trial and has become highly nervous contemplating her fate. She has not read the brief which is to be filed in her behalf, nor has she read the argument which Hazelton will make.

Both appeals will be opposed by Assistant District Attorney Charles W. Froessel, of Queens, who assisted District Attorney Newcomb in prosecuting the pair.

GENERAL DICKMAN, NATIVE OF DAYTON, CLAIMED BY DEATH

World War Leader Will Be Buried In Arlington

WASHINGTON, Oct. 24.—Maj. Gen. Joseph T. Dickman, one of the three Americans to command an army during the World War, will be buried tomorrow in the National cemetery at Arlington with all the military honors it is possible to bestow. Gen. Dickman died suddenly of a heart attack at his home here yesterday. He was 70 years old.

All federal troops in the District will be turned out, and his body will be borne to Arlington on an artillery caisson. High ranking officers of the army and navy and government officials will attend the funeral services.

With Maj. Gen. Hunter Liggett and Maj. Gen. Robert L. Bullard, Gen. Dickman commanded the three American armies in France at the time of the armistice. He participated in every major campaign in which the Americans were engaged, and was decorated by five governments.

A native of Dayton, Ohio, Gen. Dickman graduated from West Point in 1881. He became a cavalry officer, and distinguished himself in the Spanish-American and Philippine campaigns. He retired in 1921 after forty-five years service.

XENIANS INTERESTED IN COMING SONG CONCERT.

Xenia music lovers are expected to be interested in and attend an "Evening of Song" under the patronage of Mr. A. J. Thiele, Dayton, at Memorial Hall, that city, Wednesday evening, October 26, at 8:15 p. m., when Marjorie Squires, world famous contralto, assisted by Mr. Howard Gross, baritone, and pupil of Mr. Carlton McHenry, Dayton, will appear.

This evening of song has been arranged as a benefit for Mr. Gross who is nearly blind and needs education for a concert career and to finance his first season in New York. He received high praise from New York critics and has been accepted as a special pupil by one of the most famous teachers in New York, in preparation for the concert stage. Mr. Gross appeared with a quartette from Dayton, O., in a recital given last spring for the Junior Woman's Club at the home of Mrs. J. D. Steele. The quartette sang "In a Persian Garden" it will be remembered. Helen Eldridge and Helen Boak at the piano, will accompany the singers in Dayton. Miss Boak accompanied the quartette on its Xenia appearance.

Orders for tickets should be mailed to A. P. Thiele 405 Arcade, Third St., Dayton. Further information can be obtained by phoning Garfield 727.

IF BACK HURTS BEGIN ON SALTS

Flush Your Kidneys Occasionally by Drinking Quarts of Good Water

No man or woman can make a mistake by flushing the kidneys occasionally, says a well-known authority. Too much rich food creates acids which clog the kidney pores so that they sluggishly filter or strain only part of the waste and poisons from the blood. Then you get sick. Rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders often come from sluggish kidneys. The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage, or attended by a sensation of scalding, begin to drink soft water in quantities; also get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine.

This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush clean and the blood pure, thereby preventing serious kidney complications. —Adv.

POLICE CLEAR HOUSE ROBBERY WITH ARREST OF TWO SATURDAY

Wholesale looting of the residence of Mr. and Mrs. Andrew Darling, colored, 1022 E. Market St., last week, was believed by police to have been cleared up with the arrest of two men who gave their names as John Morgan, 33, and Carl Lewis, 23, both colored.

The robbery of the Darling home occurred during the absence of the family and while they were making preparations to move to Fairfield, where both are employed. Returning home last Thursday, they discovered their house had been ransacked and a great amount of household furnishings taken. The loot included three or four room-sized rugs, four smaller rugs, a feather tick, five or six pillow cases, five sheets, \$40 worth of carpentry tools, two black silk dresses, gold watch, a rifle and other articles.

Morgan and Lewis were arrested at a house they had rented in Wilberforce. The residence was rented, police believe, for the sole purpose of being used as a place of concealment for stolen goods.

A search of the house in the absence of the tenants Saturday, revealed a quantity of articles including auto accessories that police think were stolen. Police discovered two five-gallon jugs of wine, two shot guns, two rifles, a number of auto tires and rims, both old and new; several boxes of nuts

Detroit St., will be taken by Mr. and Mrs. W. C. Sutton, who are returning to Xenia for the winter, after spending the summer at Waterbury Resort.

Mr. and Mrs. Arthur J. Reynolds, E. Church St., are announcing the birth of a daughter, weighing six pounds, at McClellan Hospital, Sunday morning. The child has been named Nancy Jean.

Mrs. Anell Stephens will be hostess to Mrs. J. T. Charters' class, First M. E. Church, at her home on Pleasant St., Tuesday evening. Members are urged to attend.

Dr. and Mrs. John Ayer, W. Second St., spent Sunday in Norwood, Cincinnati, with relatives.

Mr. T. C. Owens, 321 Bellbrook Ave., who was a patient for a time at Miami Valley Hospital, Dayton, has been brought to his home in this city. His condition is believed to be improved.

Miss Corine St. John, Maple Corner, had as her week end guest, Miss Vesper Rosell, of near Osborn.

KIWANIANS TO HEAR ABOUT CROSSINGS

"Grade Crossings" will be the subject of Herman Eavey, president of the Greene County Board of Commissioners in an address to Xenia Kiwanis Club Tuesday evening.

W. J. Kennedy, Dr. G. A. Kuhn and James Paulin compose the committee in charge.

The meeting will take on the nature of "ladies' night" next week, at Central High School, when the Rotary Club will join the Kiwanians.

Mrs. Charles Adair, Mrs. Charles Keble and Mrs. Edwin Galloway have taken the responsibility for the program of the evening.

The widening of Green St., to relieve traffic conditions is suggested in the Kiwanis Bulletin, issued this week, and members of the club are asked to discuss the matter with Commissioner Eavey.

"DOUBLE PARKERS" WILL DRAW FINES

Police served notice on motorists Monday that the educational campaign to cure drivers of "double parking" of automobiles in the congested business district of the city is at an end, and that a \$2 fine will now be inflicted in all cases of machines tagged for illegal parking for the first time.

First offenders will draw the minimum fine of \$2 while drivers previously warned will submit to more severe punishment.

That this order will be carried out was indicated when a man named Dunlap, arrested over the week end for illegally parking his car was fined \$2 by Mayor J. W. Prugh.

The collision is attributed to slippery rails as the brakes, when applied, refused to hold the wheels to the rails.

The line car, traveling ahead of traction car No. 156, which left Dayton at 6:30 a. m. and was due in Xenia at 7:20, pulled in on the siding at Trebeins, leaving the switch open for No. 150, bound for Dayton, which also pulls in on the siding to clear the main track for the Xenia-bound car to pass.

The Dayton-bound car was moving rapidly and when the brakes refused to hold, plowed into the line car. Fred Bremer, Dayton, substituting for the regular motorman, who is taking a vacation, was motorman on the damaged car.

The Xenia-bound traction continued on to this city after the accident and returning to Dayton, stopped at Trebeins for the transfer of passengers on No. 150 for Dayton. The line was not tied up.

JOSEPH BOLLINGER CALLED SUDDENLY

Joseph Bollinger, 64, well known farmer, dropped dead at his home, two miles south of Springfield, at noon Monday. Death was caused by a stroke of paralysis.

Mr. Bollinger was born and reared near Beavertown and resided on the farm where he died the last twelve years. He leaves his widow, Mrs. Effie Ewry Bollinger, one son, Lawrence at home and one daughter, Mrs. Leona Carr, Dayton.

Funeral arrangements have not been made.

TRUCK STRUCK BY TRAIN AT OSBORN

Lester McLaughlin, 1809 Morgan St., Springfield, sustained severe, but not fatal injuries and cattle were struck along the right-of-way, dead, when a truck driven by McLaughlin was struck by a Big Four train at a crossing in Osborn at 7:15 o'clock Monday morning.

McLaughlin was taken to a Springfield hospital for treatment. He was driving the cattle to Springfield for Jack Elser.

"SICK-HEADACHES?"

Torturing, maddening! Most always trace them to a lazy liver, constipation and a sour-sick stomach. Poison of fermented foods retained, instead of passing, is reabsorbed into the blood. When this poison reaches the delicate brain tissues, it causes congestion and that acute, sickening pain.

Blackburn's Casca-Royal Pills quickly and surely remove the cause by stimulating the liver, toning up the bowels, making the poison-ferments move on and out, thus purifying the blood and curing the headaches. The effect is almost instantaneous.

Women, because of their sensitive organism are especially prone to periodical headaches, should not suffer if a drugstore is nearby—for Blackburn's Casca-Royal Pills have helped millions during the past 25 years. Non-secret formula, small, sweet, prompt and "Better Than Castor Oil." Two sizes 15c—30c.

BEWARE THE COUGH OR COLD THAT HANGS ON

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. (adv.)

FIRST AIR EXPRESS

The first shipment received in Xenia, handled by Air Express, was received Monday by Miss Catherine Ostery, Green St., milliner, who received an order of hats from New York City, via Cleveland by air and from Cleveland to Xenia by rail. Cleveland is the nearest airport for the Air Express at this time. L. L. Jordan, agent for the American Railway Express Co., said Monday.

Shipments of hats were sent to one hundred American cities at the same time the Xenia shipment was dispatched. Each shipment contained four hats and weighed one pound and four ounces. The hats in the shipments are known as "Model Dance Hats" and have been named after famous airplanes, including "The Spirit of St. Louis," "Pride of Detroit," "Bellanca," and "America."

MAYOR'S COURT

DRUNKS FINED

Fines were imposed upon three of four persons, arrested by police over the week end on charges of intoxication, by Mayor John W. Prugh Monday morning.

Ed McCormick, 40, was fined \$25 and costs for drunk; Homer Jenkins, 46, was fined \$25 and costs and given a ten-day sentence in the County Jail for drunk and disorderly; and Bonnie Cunningham, 64, colored, was fined \$10 and costs, for intoxication. Ollie Downard, 36, was also being held on a charge of intoxication.

Those fined pleaded guilty.

SPEEDERS ARRESTED

Five motorists were arrested over the week end by Peter Shagin, motorcycle policeman, charged with speeding. Four drivers, Allen Wright, Edward V. Winter, H. D. Cherington and Donald R. Brown forfeited \$5 appearance bond, while a fifth, Edward Mercer, paid the costs in the case, \$8.10.

Prescription He Wrote in 1892 is the World's Most Popular Laxative

When Dr. Caldwell started to practice medicine, back in 1875, the needs for a laxative were not as great as they are today. People lived normal, quiet lives, ate plain, wholesome food, and got plenty of fresh air and sunshine. But even that early there were drastic physics and purges for the relief of constipation which Dr. Caldwell did not believe were good for human beings to put into their system. So he wrote a prescription for a laxative to be used by his patients.

The prescription for constipation that he used early in his practice, and which he put in drug stores in 1892 under the name of Dr. Caldwell's Syrup Pepsin, is a liquid vegetable remedy, intended for women, children and elderly people, and they need just such a mild, safe, gentle bowel stimulant as Syrup Pepsin.

Under successful management this prescription has proven its worth and is now the largest selling liquid laxative in the world. The fact that millions of bottles are used a year proves that it has won the confidence of people who needed it to get relief from headaches, biliousness, flatulence, indigestion, loss of appetite and sleep, bad breath, dyspepsia, colds and fevers.

Millions of families are now never without Dr. Caldwell's Syrup Pepsin, and if you will once start using it you will also always have

J. C. Caldwell, M.D. AT AGE 83

a bottle handy for emergencies. It is particularly pleasing to know that the most of it is bought by mothers for themselves and children, though Syrup Pepsin is just as valuable for elderly people. All drug stores have the generous bottles.

We would be glad to have you prove at our expense how much Dr. Caldwell's Syrup Pepsin can mean to you and yours. Just write "Syrup Pepsin," Monticello, Illinois, and we will send you prepaid a FREE SAMPLE BOTTLE—Adv.

BOOZE NOT ISSUE

Some United States senators are convinced that, however much the wets may rage and gnash their teeth, no liquor of an intoxicating nature, will be poured on the troubled waters of either convention in 1928.

For instance Senator Capper points out that the sentiment of the country won't allow a repeal of the Eighteenth amendment and that any other move such as one towards modification would violate the spirit of the law.

"I have not the slightest doubt," declares Senator Capper, "that the Democratic National convention of 1928 will demand enforcement of the prohibition law. It is certain that the Republican National convention will. Modificationists and compromisers on a question that is incapable of compromise or of modification, will be in such a minority in the Republican National convention that my prediction is they will not be heard from. If the issue should be raised, I do not anticipate it will arouse great interest among the delegates. It will be voted down without a roll call. Liquor has never obeyed any modifying law. It will never obey any law but a bone dry law honestly and vigorously enforced. Every one of the rock-ribbed prohibition states knows you cannot make terms with John Barleycorn. Whenever the liquor question is raised in an election the candidate who attempts to straddle it goes down to defeat. It is not an issue which may be juggled with. I am certain that neither party, certainly not the Republican party, with trifle with the people by favoring modification any more than it will favor the repeal of the amendment."

MOVEMENT FROM FARMS

We need not worry about the movement away from the farms; we would be better off with fewer farmers of a higher grade, declares a writer in a New York financial publication.

"In spite of a population 85 per cent rural in 1820, and only 26 per cent rural in 1925," says the writer, "it is nevertheless obvious that we have all the farmers we need. Relatively to population no great nation imports so little farm products as this country. Certain varieties of Canadian wheat for blending in the manufacture of flour represent about the only considerable item. We need no more farmers than we have, and as they become better farmers we could see the number reduced without anxiety. Indeed, the solution should be in the industrialization of farming. There is a good deal of sentimentalism about the moral superiority of the farmer's life. At least it is evident that those who are agitating for farm relief have not yet given the subject anything like the stringent economic analysis which it requires."

When Congress is not in session there is a prolonged howl for it to get together and do something, and when it is in session, there is a demand for it to go home and stop disturbing business.

The Way of the World

LOVE AND CHEMISTRY

Love is a matter of atoms. Dr. Hardin, president of the American Electronic association, and a well known scientist, would have us believe romance is only another problem in chemistry. He says: "Every mechanical work of earth, air, fire, and water, every criminal act, every human deed of love or valor—what is it all but the relation of one swarm of atoms to another?"

"Man is a combination of electrical impulses. Mysterious showers of electronic energy radiated by the distant sun and distant stars pass through him, drastically affecting his mental and physical states."

All very well to explain love and romance in terms of chemistry and atoms. That doesn't change it at all. The young man and the young woman are not interested. Explain it or leave it unexplained. It's all the same to lovers and always will be. Interesting in theory, it means nothing in practice.

YOUR RIGHT TO SPEAK

No citizen has a right to defy the law. But don't forget that every citizen has a right to advocate the repeal of a law, to talk against it, write against it and do everything he can to have the law repealed. There are no more intolerant people than those who are intolerant of those who insist on the right of free speech. Even if you disobey certain laws it does not mean you are against the whole constitution of the United States. Some of the most violent "reds" are those who see red when others disagree with them.

WOMEN FAITHFUL TO DUTY

At a meeting of an organization of women in a certain city it was found that the president and vice president were both absent. Inquiry revealed that the president was serving on a jury and the vice president was at home taking care of a month-old baby. That's not bad news. Learn the facts and you will find that women are more loyal to duty than men. There is much loose talk about women neglecting home duties for civic work. The amazing fact is that they can do both so well.

ALL IN A FEW WORDS

Some time ago the mayor of Butte, Montana, made an inaugural speech. It breaks the record for brevity and yet it is one of the best inaugural speeches you ever heard. Here it is:

"Those policies and efforts of the administration during the past two years which have proved beneficial will be continued. The board of aldermen and the citizens of this municipality may surely assume that there will be earnest persistent endeavor to remedy defects and eliminate mistakes."

There is a model for mayors, governors and others. Remember that words may cover up an idea as well as reveal it.

NEWS COMMENT AND VIEWS

The Daybook

OF A New Yorker

By
Burton Rascoe

NEW YORK, October 24.—Cluttered about the subway station at Hunt's Point are half dozen dog-eared, mangy-looking trees, scores of benches and an incredible amount of dust. All about are large business buildings and streets crammed with heavy traffic, for this is a very busy section of the Bronx. Apparently every mother in the neighborhood comes to this dubious oasis every day.

It is always crowded with women and children and perhaps a few old men. They sit there, all day long in the rear of a busy city drumming in their ears and placidly gossip. This is one of the most domestic spots in the city, comparable to the parkway along Riverside drive. All of which makes it a queer, unnatural sort of place. It is as if one were to see a crowd of mothers and children spending the day in camp chairs behind the Times building.

Forty-third street, between Fifth and Sixth avenues, is being repaved, and a number of devices over and above the usual tools employed in this work are fascinating to pedestrians. Perhaps the biggest drawing card is a portable furnace. This is merely a large sheet of steel, acting as a bottomless furnace which can be slid along the street. It is attached to the rear of a small truck from which oil is pumped underneath. A roaring blast results, which cooks the new paving in short order. And for some unknown reason a portly and truly beautiful fire engine is parked on the street all day long. Two haughty firemen sit unmoving on the front seat, never deigning to look at the gaping multitude clustered about.

Boys earning their way through at Columbia and at New York University have unearthed a novel if perhaps degrading sort of job. For twenty-five cents an hour, they conduct and supervise the exercise of dogs. Many a lady is too weary to accompany her pet Pomeranian on his daily constitutional, and is ready and anxious to have it done for a quarter. Most of the boys take out five and six dogs at a time, which gives them a fairly profitable wage.

A "Dummy Chucker" is Broadway patois for a charlatan who gains alms by throwing a synthetic fit—caused by eating soap. Incidentally a popular racket about town is fast coming to its end. The suckers are learning of the stunt. A drug store is selected, in which there is a delivery boy. Then one of the racketeers calls the store and orders articles amounting to a dollar or so, to be sent to a certain address. The store is instructed to send change for a \$20 bill. Then the racketeers go to the address given, and wait for the boy. This is always a small apartment building in which there is no door-man or inquiring official of any sort. One of the thieves waits outside. When he sees the boy coming he gives the man inside a signal to let him know whether the boy is alone or not. The man inside has taken off his coat and hat and hidden them nearby. When the boy enters he is apparently just coming down the stairs. He asks him if he is looking for Mr. Doe. When the boy replies that he is, the thief gives him a check for \$20, takes the articles and the check and dismisses the lad. The check, of course, is worthless. The racket seldom fails.

Why Gossips Are Good Neighbors

In the long run, I believe, the most intelligent and most companionable persons I have known were great natural gossips.

I'm not referring now to malicious gossips who try to get even with the world by telling exaggerated stories about shortcomings of neighbors. There is no more reason to confuse scandal-mongers with the rank and file of gossips than to group bankers and burglars together because each is intent on getting money. The born gossip is a person who so loves his fellow humans that he is full of curiosity about their activities. I find that I am never so anxious to know what is going on among my neighbors and all over town as when I'm feeling at peace with the world and hopeful that mankind may have every reasonable success.

When something has gone wrong, I don't care what people are up to and don't even feel much interest in reading mood. I'm disgusted with the human race and all its works. I say: Let the world go to the bowwows if it so desires. But show me your town's leading gossip—the fellow who knows the real inside of all that is happening—and I'll show you a charitable, wire-awake, dependable citizen who knows too much about average folks not to be tolerant of their weaknesses.

Moreover, he is probably full of interesting chat about people and things, and therefore a delightful companion at a dinner party.

Imagine, though, spending an evening with a selfish fellow who thinks so little of other persons that he has never taken the trouble to inquire or observe anything about them, or never mentions what little he does know.

Now to be a good gossip, to know what is going on about you,

The Old, Old Questions

It amuses me to see that with all the talk of the modern woman, her freedom from conventions and her absolute equality with man, she puzzles over the same old questions that worried her grandmother and mother.

Here are letters from two young women who want to attract certain young men. Both would doubtless scorn the imputation that they are not entirely up-to-date, but both hesitate to make advances.

"Dear Mrs. Lee: About six weeks ago I met a young man who impressed me very much and he seemed equally pleased with me. When he asked me for a date, on account of some rule at home, I could not give him a satisfactory answer. I explained the circumstance to him.

"Now, since I know that I would be allowed to have him see me, how shall I go about letting him know?"

GLORY

Why not drop him a note or call him up, Glory, the former pro-

ferally, and tell him you can see him now and will be pleased to, and set a time?

"Dear Mrs. Lee: I am only in the 'teens,' and would you please give me some advice. I met a boy that I deeply loved. We went together, but about a month ago he started going with one of my cousins, Mrs. Lee. Can you tell me what to do to win him back? I do not want him to know that I want to go with him, but I would really like to do so again.

BOBBIE.

"All's fair in love and war," they say, Bobbie. I don't believe it, but in this case, why not invite your cousin, the boy friend and some other young people over for the evening? I think you can find a way to find out if he too would like to renew the friendship.

That plague of youth—the petting question—bobs up in the following: "Dear Mrs. Lee: Is it all

Peter's Adventures

By Mrs. Florence Smith Vincent.

ALL MERRY BUT ONE

So quiet it was that if Peter had thought about it at all, he must have come to the conclusion that he and the Possums had the Great Woods all to themselves. All the while he and the Possums had been visiting, the moonlight had been growing brighter, until now the clearing was as light as day.

Although the feast is the main thing, a picnic wouldn't be a picnic without a bit of play, and the little Possums knew this quite as well as anybody else. At last, having eaten their fill of the fruit of the tree, they joined in the games of the wood folk. Hide-and-seek among the shadows that fell on the border of the clearing, just where the trees began—what fun that was!

Besides, one never quite knew just what was lurking in the darkness, and as long as one didn't really get caught by the enemy, the thought of hidden danger made things more exciting.

Skip-hop! The Possum with the longest legs was sure to win this contest. And hang-tail! Well, that was the finest game of all, for that gave the youngsters a chance to show how strong they were growing. No weakling Possum could grasp a branch and swing in midair and head down!

With squeals and squeaks of joy the baby Possums made merry. It is necessary—or at least it is helpful—to be intelligent. One can't follow any set of standard rules about how to absorb information. Finding out things is a people and ask a lot of questions they become suspicious and don't tell much. You must learn without any seeming effort. The best newspaper correspondents are rarely those who operate their legs most assiduously but who quietly make casual inquiry about one thing and another, then with more artistry put two and two together. Such individuals are only some of what glorified village gossips who publish their information and thus bring their interest on themselves about the human race to profit.

ry in the moonlight. Mother Possum, from the paw-paw tree, looked down upon them and chuckled at their glee. She seemed to have quite forgotten her warning of a short time before.

"LOOK AT MOTHER, WILL YOU? HER HAIR IS STANDING UP STRAIGHT!"

Only Peter, who was not used to being in the heart of the woods in the middle of the night, remembered, and now and again looked uneasily about him.

"Those youngsters are making a lot of noise," thought the boy. "If Hound-Dog is not sound asleep he certainly must hear them. Right out in the bright moonlight, too! Best chance in the world for every little Possum to be picked off, one by one. Mother Possum, up in that tree, couldn't move a paw quick enough to save her youngsters if an enemy should creep up upon us. But! I wish I were out of the woods. 'Tis no place for a boy at night. How do I know who may be prowling about, and what could I do if I met any strange monster? No! Lots of trees, but nowhere to hide that wild woods creature couldn't find me. Dark enough, but animals can see as well at night as in the day. So I've heard! Gee Whizzers, but this is a spooky place. If only morning were here!"

right to pet? Shall I let every fellow I go driving with kiss me? Doesn't it take the sweet, innocent youthfulness from a girl? You know, Mrs. Lee, some day I'll fall in love and marry, I hope, and I want my husband to have an unspooled wife. So far I have let them all kiss me and hold me in their arms and I have become more popular every day. But will it spoil me later?"

Well, Billie, do you feel as if the "sweet, innocent youthfulness" has been taken from you? I can't see how you can be quite unspooled with all that promiscuous petting. I should think it would make you both feel and appear cheap. And I am quite sure the average young man would not care for a wife that was quite so free with her caresses.

Household Hints

MENU HINT

Here is a menu for a good foundation breakfast. For the members of your family who require a hearty meal, eggs, bacon, ham, eggidde cakes, etc., may be added. Coddled or scrambled eggs are good for the children and grown-ups alike.

Prunes or Orange Juice
Cooked Cereal with Cream or Top Milk
Toasted Raisin Bread
Milk Coffee

Today's Recipes

Cereal—Various lengths of time are given for cooking breakfast cereals. Within reason, it is better to cook them too long than not long enough. For the old-fashioned oatmeal a good portion is one cup to four cups boiling water, one teaspoon salt. Cook in double boiler one and one-half hours. An authority suggests three hours instead of one and one-half. Cornmeal, according to one authority, should also be cooked three hours, hominy one hour—all in double boilers.

Suggestions

Serve Franconia potatoes and browned carrots with Swiss steak. A bit of chopped pepper with corned beef hash. Sweet potatoes and sliced apples with pork chops. Stewed lamb with vegetables en casserole. Carrots, onions and celery with braised tongue.

Browned onions and string beans with stuffed heart.

Hemstitching

When sending basket articles to the hemstitchers, mark the lines to be stitched with a decidedly contrasting color so no places will be missed. Silk bastings will pull out much more easily than those done in cotton.

Smooth Cakes

If the flour in the cake batter is lumpy, put the batter through a fine sieve and then pour it into the tins for baking.

Plum Pudding

(Mrs. Mary Morton's Daily Tested Recipe)

One-half pound beef suet, one cup sugar, two tablespoons molasses, one cup raisins, one cup currants, one-half pound mixed peel two eggs, one cup milk, one tea spoon each cinnamon, cloves, all spice, a little nutmeg, two tea spoons salt, flour to make stiff batter. Steam three hours or put in floured pudding cloth, drop in boiling water and boil the same length of time.

Behind The Scenes In Washington

FEMINISTS SET GREAT STORE IN MRS. MCCORMICK'S CANDIDACY

WASHINGTON, Oct. 24.—There's this to be said for women in politics—

They're sincere. The men's ideal political leader is often, in reality, a convictionless, cowardly dabbler, who simply knows all the cheap tricks of his business inside out.

When women talk about the qualities of political leadership, they mean brains and courage and genuine public spirit.

The women leaders' weakness is on the practical side. They mostly lack experience. The men's bosses flim-flam the women's managers, whom they can't hold a candle to in intelligence, fully half the time, by virtue solely of a longer course of training at the game, and by cheating, too, without getting caught at it, as likely as not.

Now have the women any leader at all who, while measuring up to their standard, has it in her make-up to break even with the men's crowd? — not to bluff and renege and equivocate like the others, but to score something like 50-50, by honest methods, against the system a square-shooter in politics must lack?

Ask this question at any of the women's political headquarters in Washington, and the chances are—regardless of partnership—that they'll answer:

"We think we have at least one—Mrs. Medill McCormick of Illinois."

The women've evidently built great hopes upon Mrs. McCormick's threat to become a United States senator.

After a successful term — no woman doubts that Mrs. McCormick's would be one—who knows what she'd be in line for next? (The vice presidency, there's no question about it, is the goal Washington feminists have their eye on.)

The women are very proud of Mrs. Nellie T. Ross' record as governor of Wyoming, but—

1. Wyoming's considered a little out of the way, and

2. There's no getting away from the feminists' conviction that a woman's succession to an office her husband (generally her late husband) has held doesn't make the same political impression as her election indisputably as an exclusive tribute to herself.

About "Ma" Ferguson's term in Texas, it's agreed, the less said the better. The women's managers make allowance for "Ma," as a victim of circumstances, but they don't point to her administration with pride.

Great store's set by Congresswoman Mary T. Norton of New Jersey, for having been elected to the house of representatives "in her own right," so to speak.

Judge Florence Allen of Ohio goes into the same classification. Praise of Representatives Florence P. Kahn, California, and Edith Nourse Rogers, Massachusetts, always is qualified by mention of the fact that they had congressional husbands before them—not a bit disparagingly—only everybody knows it's so. (Maybe it will wear off since both have been reelected "on their own.")

As for the coming session's new woman representative—Mrs. Kate G. Langley of Kentucky—we shall see. Her husband, too, was a congressman.

One Lap Ahead

It was speeder's day in the police court. The first offender vowed he was traveling only fifteen miles an hour when apprehended. Next a notorious fast driver told the judge he was going only ten miles an hour.

"And how fast were you going?" asked the judge to Tim O'Brien, third in line.

"May it please the court," said Tim with straight face, "I wuz backin' up, Yer Honor."

Forewarning!

"I'm happy and all that, of course, old chap; still, I wish my wife wouldn't talk so much about her last husband."

"Forget it, old man—mine's always talking about her next."

Reasonable?

Billy's daddy took him down to the railroad to see the circus unload. After seeing the elephants, camels, and other animals unloaded from the cars, his daddy said: "Well, Billy, I guess we have seen it all. Now shall we go home?" To which Billy replied: "No, Daddy, let's stay a while longer and see them unload the clowns."

Sweet Potato and Ham Casserole

(Mrs. Mary Morton's Daily Tested Recipe.)

One pound ham, three medium sized sweet potatoes, two tart apples, one tablespoon butter, two tablespoons brown sugar, milk. Cut ham in sizes suitable for serving and place in casserole. Add the apples pared and sliced. Parboil the potatoes until slightly tender, peel and slice them over the apples. Add butter, sugar and cover with milk. Bake in moderate oven at 300 F. from one to one and a half hours. Just before taking from oven remove cover and brown.

How to Achieve Beauty

BY NINE HELENA RUBINSTEIN

The Newer Beauty Demands a Figure to Flatter the Face

In my talks this week I am going into the deepest fundamentals of beauty culture as it is understood and practised by the most modern specialists. Women are altogether too likely to think of beauty as a matter of face alone, which it actually was in the days when ladies wore high necks with ruching up under the ears and skirts that swished around their ankles. Those days have passed and so much more is exposed to view that we have to recognize beauty as comprising the whole body rather than just eyes, mouth, complexion and hair.

But that is only the visible reason for considering the body in relation to beauty. The other is this: Scientific study of beauty has proved it to be very much more than skin deep. To have a beautiful face and to keep one you must consider the blood stream and nerve system that run through your entire body connecting each part with every other part so that you could no more separate them in their effects upon each other than you can take the skin from an apple without the meat growing dark and perishable.

The beauty specialist has come to take into consideration the whole body and to build from the

inside out, as well as from the outside in. Scientific beauty culture follows out the same rules that nature follows in the normal functioning of the body. It brings your skin, your hair, your figure up to a standard of health that makes them all complement each other in a harmonious whole. Then and only is it ready to add the finishing touches of color and shading that ennobles natural beauty.

This week I want to give you some thoughts about bodily beauty that will contribute materially to the beauty of your face. Good circulation, deep breathing, drinking plenty of water, diet, intelligent exercise, regular elimination—you know that all these are essential to the health of your body. They are equally so to your beauty and you owe it to yourself to consider them if you are aiming toward beauty.

In my talks I want to show you just why these things are beneficial, since you can triple the results of any healthy or beauty rite if you understand thoroughly why you do it. Then I shall show you just what you should do to keep your body in such condition that it cannot help but reflect in the beauty and vivacity of your face.

In my talk tomorrow I am going to discuss "What the Blood Stream Contributes to Beauty."

I Have Said in My Heart

By IDAH MCGLONE GIBSON LAUGHTER

Do not be afraid of laughing. No woman ever looks old whose wrinkles are those little funny ones that come and go about the eyes and the long one that means an elongated dimple.

It is a strange thing, but people look more depressed in hot weather than in cold.

Walk down the street these Indian summer days, when the sun is streaming down on the hot pavement, and you will see tired faces, despairing faces, suspicious faces, sullen faces, but you rarely see a smiling face.

No one smiles when in any way he is uncomfortable; it takes more than a negative pleasure to make human beings smile.

The power to laugh is purely human. No animal in all the world can show the slightest smile. A dog will whimper when he is hurt or angry, but he cannot laugh when he is amused. Someone a while ago was speaking to Charlie Chaplin, and he said:

"I hope some day you will play a tragic role, because underneath your greatest clowning there is always a pathetic note. Somewhere in your pictures I always get a lump in my throat."

Mr. Chaplin smiled as he answered:

"I wonder why we always deery the comedian, and yet to make human beings chuckle and laugh is the hardest thing in the world to do and to make one weep is comparatively easy."

"Our tear ducts seem to be always on tap, but our risibles are controlled by the least tractable of all muscles."

"You know that someone has said that an onion can make a strong man cry, but I have yet to find a vegetable that will make him laugh, have you? It takes a human being to do that."

The true lover of man will try to plant smiles on the faces of every one with whom he comes in contact — especially in hot weather — is this advantageous to the uplift and happiness of mankind?

Wilberforce Routs Kentucky State Eleven 44 To 0

KENTUCKIANS TAKE LOP SIDED DEFEAT AFTER WEAKENING

Second Half Rally Enables "Force" To Stage Victory

Staging a rally in the second half when the Kentucky defense crumbled, Wilberforce University gridgers turned a fiercely-fought football game into a rout with the net result of a lop-sided 44 to 0 victory over Kentucky State College on the Wilberforce gridiron Saturday afternoon.

Fifteen hundred fans witnessed the game.

Ritchey, brilliant Wilberforce quarterback, did not get into the contest and was greatly missed. Coach Graves started his second team in the first quarter. The first team was inserted in the second period but failed to function properly and the only score of the first half came in the opening quarter when Greene, sub quarter, dropped a field goal for Wilberforce from the twenty-five yard line.

Wilberforce registered twenty-three first downs to five for the Kentucky eleven. The Wilberforce line also out-weighted that of the visitors.

Kentucky suffered from poor punting of Bean and Moore, whose kicks averaged only twenty yards. Forward passing of Harding featured Wilberforce's brilliant aerial attack. Harding was also the kicker for his team and his punts averaged forty yards.

Harding, Ward, Tynes, Snell and Greene were the outstanding grid-gainers for Wilberforce while Slater, giant tackle, played a wonderful game on the line. Passing of Bean and running of Jones featured the Kentucky attack.

Wilberforce began a forward pass attack as the second half opened and scored four touchdowns in the third period. A pass, Harding turned left and for twelve and a nineteen-yard pass, Harding to Ward, placed the ball on the three-yard line. Harding had the honor of crashing over for the first touchdown on the next play. His attempted place kick for the extra point was low.

Relying entirely on line plunges by Harding and Ward, Wilberforce marched half the length of the field for its second touchdown. Ward finally crossing the last chalk mark on an off tackle play, Harding made the extra point.

The third score was not long in coming. Taking the ball in mid-field, Harding picked up twenty-one yards on a cut-back, but in a punt was forced soon afterward. Greene intercepted a Kentucky pass and sprinted forty yards to the one-yard line before he was up. Harding slid off tackle for a touchdown and kicked the extra point.

After the next kickoff, Wilberforce, aided by a poor punt, obtained the ball on Kentucky's forty-yard line. Snell slipped through the line for thirty-one yards. After two line plays had gained but two yards, Harding hurled a short pass to Ward, who stepped over the goal line for a touchdown as the third period ended. The goal kick was good. Ward made a remarkable catch of Harding's pass.

Shortly after the final quarter got under way, Wilberforce worked the ball to within striking distance and a touchdown resulted from a short pass, Harding to Mendenhall behind the goal line. Harding kicked the added point.

A recovered fumble on Kentucky's twenty-five yard line paved the way for the final score. Tynes, on the second play, placed the line for twenty-five yards and a touchdown. Harding kicked the goal.

Weather was ideal for the contest. Wilberforce remains among the ranks of the undefeated eleven. Three games have been won and only a scoreless tie with Bluefield Institute mars the clean slate.

Wilberforce will play an inter-sectional game with its ancient foe Howard University at Washington D. C. October 29. Lineup and summary:

Wilberforce (44)	Kentucky (0)

REFUSE TO TAKE CHANCE

WILLOUGHBY, Ohio.—For an hour a small animal—commonly known as the skunk—reigned supreme on a bridge crossing Chagrin river, a bridge that ordinarily accommodates a great deal of traffic in an hour. Antioch refused to drive across the bridge which would have involved a risk of the animal venting his fury upon their cars. After about an hour the striped animal waddled away and traffic was resumed.

POOR PUNTING ENABLES KENT TO DEFEAT YELLOW JACKETS 19-18

An epidemic of poor punting enabled Kent State Normal College to nose out the Cedarville College "Yellow-Jackets" 19 to 18 on Kent's gridiron in a football game full of thrills Saturday afternoon.

Cedarville at one time had a substantial lead of twelve points but Kent was ahead 13 to 12 at the half. In the third period the Yellow-Jackets again went ahead, scoring one touchdown, only to have Kent put across its winning touchdown in the last few minutes of play.

Cedarville drew first blood, scoring in the first few minutes of play on a march down the field, ending when Adair went across after receiving a ten-yard pass from Captain Nagley.

After an exchange of punts in the second period, Cedarville drew up within striking distance and Adair pierced the center of the line for a twenty-yard touchdown run.

The first Kent score in the second quarter was due to a poor punt from behind the Cedarville goal line. Kilbourne, 190-pound freshman back, finally lugged the ball over for a touchdown after Kent had taken the ball on Cedarville's twenty-yard line. Searle kicked the extra point which proved to be the winning margin. Kilbourne made another touchdown before the period ended.

In the third quarter Cedarville worked the ball to near the goal line but Kent held firmly. A penalty placed the ball on the one-yard line and Adair crashed over for a score.

There was an element of luck attached to Kent's winning score in the fourth quarter. Three times Cedarville got off poor punts from behind its goal line and three times bravely defended the goal against repeated line assaults, taking ball on downs. When a fourth poor kick was made, Kent was not to be denied and Kilbourne finally plunged across for the winning score.

Brown, Cedarville linesman, was banished from the game in the second quarter for slugging.

Chernin, Kent center, played a wonderful defensive game and got fully two-thirds of the tackles. Horney was fine on the defense for Cedarville and Adair's offensive work was a feature.

Cedarville will play Earlham College at Richmond, Ind., next Saturday afternoon. Lineups and summary:

Cedarville (18)	Kent (19)

TWO INJURED WHEN AUTOS COLLIDE ON JAMESTOWN PIKE

Two of three occupants of a Dodge coupe, received slight injuries, when the auto crashed into a second car on the Jamestown Pike, two miles east of Xenia, near the John Mangan farm, Sunday night at 9 o'clock.

Floyd McClain, Jamestown and a young man by the name of Sutton, of Bowersville, were cut and bruised, Sutton receiving cuts about the hips and McClain, injuries to his arm.

The accident happened when the coupe driven by Dewitt Tobin, Jamestown, who was unhurt, crashed into a Dodge touring car. The touring car had been occupied by several colored youths and had stalled and was being pushed to the side of the road.

The trio occupying the touring car admitted they had been racing with Loren Thomas, Jamestown, immediately before the accident. Thomas had passed the stalled car before the wreck with the second car occurred. None of the colored youths were hurt. Both machines were completely wrecked.

Sutton and McClain's injuries were attended by a Jamestown physician.

TWINS DIE

Twin sons, born to Mr. and Mrs. Cecil Phillips, 103 E. Third St., Sunday morning, did not live and brief funeral services were held Monday morning at 11 o'clock with burial in Woodland Cemetery. One of the babies did not live after birth and the other survived six hours.

Besides the parents, six other children survive.

SCRUPULOUS HONESTY

CLEVELAND, Ohio.—Miss J. Otille Kahn, a high school teacher was vacationing in New York. Upon her return to Cleveland she announced in the newspaper an announcement that a young woman whom she met in New York and with whom she did a great deal of sightseeing, including taxi rides, was looking for her through the newspapers to settle for a portion of the taxi bill which she overpaid. "I wrote her to keep the change," said Miss Kahn.

ELKS CHARITY FAIR WILL OPEN TUESDAY WITH BAND CONCERT

Merry-making, incident to the opening of the Elks Charity Fair, will begin at the Elks' Club Tuesday night at 8 o'clock. The Fair is being held to raise money to treat a thousand children of the county at Christmas time.

The Elks' Club at Second and Whiteman St., will be thrown open to the several hundred guests expected each night and elaborate decorations are being arranged. Workmen were busy at the club rooms Monday making final arrangements.

The Charity Fair will open with a free band concert by the O. S. and S. O. Home Band, from 7:30 to 8:30 p. m., Tuesday, in front of the Elks' Club. After the concert, the festivities will center on the inside, when dancing will be the main feature.

Smedley's Orchestra will furnish the music for the dancers each evening. A prize will be given away each night of the Fair donated by Xenia merchants. Twenty-five dollars in gold will be given away the last night, Saturday.

A masquerade will be held at the club Saturday night, when the celebration is expected to reach its peak. A matinee for children will be held Saturday, when prizes for the best looking and also the most comical costumed children under twelve years will be served.

Jacob Kany will serve refreshments each night of the Fair. The Elks hope to have the whole-hearted support of the community so that they can make this the best Christmas treat they have ever given to the children.

GOT A NICKEL?

Here's the Greatest Treat in the Whole Smoking World for 5c

Go ahead and doubt it. You can't be blamed. For you've been hearing all your life about 5c cigars that are "really worth more." No doubt you've been disappointed more than once too!

Just the same—a good 5c cigar is possible and Havana Ribbon is its name! Here's the difference: Havana Ribbon sold at a higher price for years. Sold big! And just because it did pile up such volume sales it is now possible to make the price a nickel. A downright good cigar—regardless of price. With all the mellowness and body that comes from ripe tobacco.

Try it. Step into a nearby cigar store—today—and ask for "Havana Ribbon." It will cost you just a nickel, but you'll forget the price the minute that mellow mildness and friendly fragrance start talking to your taste!

"I know Captain Scully is right—Luckies are far superior"

Captain Charles B. Scully, Noted Swimming Coach and Lecturer, writes:

"As Director of The Life Saving Service of The N. Y. American Red Cross I am called on to make frequent speeches and to broadcast weekly. I must always have a clear voice—unirritated, with no chance of coughing. Lucky Strikes, my favorite cigarette, permits me to smoke as much as I choose and still keep my voice in perfect condition. Furthermore, because of their fine flavor, I recommend Lucky Strikes to all the champion swimmers whom I coach."

Capt. Charles B. Scully

You, too, will find that LUCKY STRIKES give the greatest pleasure—Mild and Mellow, the finest cigarettes you ever smoked. Made of the choicest tobaccos, properly aged and blended with great skill, and there is an extra process—"IT'S TOASTED"—no harshness, not a bit of bite.

MEMORIAL BUILDING FAVORED AS LEGION CENTER FOR PARIS

INDIANAPOLIS, Ind., Oct. 24—American Legionnaires who could not go to France this year with the Legion, and visit the battlefields and cemeteries under the auspices of the Legion, are being given the opportunity to do so at some future date and find in Paris an augmented system of help.

Paris is the central point from which to start on a trip through the battlefields and cemeteries of the World War. Few persons would go on such a journey without visiting Paris, probably first of all. This fact led to the adoption of a resolution by the national convention in Paris to provide a memorial building in that city, according to official reports of the convention just received at National Headquarters of the Legion here.

The resolution reads: "Whereas, a permanent American Legion building in Paris, containing appropriate memorials of the World War, and to the center of American Legion activities, would be another tie binding closer France with the United States; "Now, therefore, be it resolved, That the ninth annual convention of The American Legion, sitting in Paris, hereby endorses the proposal of the Department of France, The American Legion, to purchase or construct, furnish and endow, such a building which shall stand as a lasting monument in the land where The American Legion had its birth; that any method of raising funds outside the Department of France must have the approval of the National Executive Committee."

FRENCH STEAMER IS PHANTOM SHIP

LE HAVRE, Oct. 24—The French steamer "Bois-Soled," manned by a crew from this port, has recently earned the name of the "Phantom Ship."

She left Antwerp for Cardiff and the west coast of Africa the middle of July. As the vessel arrived off the Gold Coast, the chief engineer, Monsieur Henri Nungrand, died from a mysterious malady and was buried at sea. A short time later, off the coast of Gabon, the second officer, Gaston Ruffie, came on deck with a loaded gun in his hand, took aim at the Captain, Martin Rande, and shot him dead.

The wireless operator, Chauvin, hearing the report, came out to see what was the matter, was fired at twice by Ruffie who jumped overboard and disappeared in the water. Chauvin died soon after. Deprived of her Captain, her mate, her chief engineer, and her wireless operator, the "Bois-Soled" put into the nearest port where the French Consul is investigating the case.

GERMAN CAVALRY ABOLISHES LANCES

BERLIN, Oct. 24—German cavalry has virtually been transformed into a sort of mounted infantry by a decree of General Heye, commander in chief of the Reichswehr by which lances, the domestic pride and glory of the army, have been definitely abolished.

General Heye believes that the fighting power of cavalry units will increase considerably after lances have been abolished because valuable time is thus gained for other, more important and more modern, military exercises.

The general's decree is said to have caused widespread disappointment among officers and men of the few cavalry regiments left to Germany under the Versailles Treaty. It is likely to stem the rush of recruits to the cavalry, who always thought themselves a "crack" troop as compared to the infantry on which they used to look down as "pedestrian guards."

EAST END NEWS

Mr. and Mrs. W. C. Harris, in company with the former's mother, Mrs. Romain Harris and her niece, Mrs. Nannie Stafford, of Dayton, motored to Urbana Sunday, and were the dinner guests of Mr. and Mrs. L. H. Sloan.

Mrs. Romain Harris will remain in Urbana for a week's visit.

It was a busy day at the Community Mission Bible School Sunday, when the Rev. George Herrian and family, of Jamestown, O., had charge of the afternoon services. The Rev. Mr. Herrian brought the message and his wife sang a solo, "The Eastern Gates." Mrs. A. J. Chatfield and Mrs. Mary Croford read a paper on "Missions." In the evening, the Rev. Jerry Pennington and wife had charge of the program, when all took part. The school is holding its Bible Conference which has been very successful with quite a few members added to the school. Hattie Spencer is superintendent of the school.

John Moore, New York business man, who is on business in Xenia, expecting to return to New York the next day. He meets a college associate, Philip Morton, who has business in Mexico. Both drink heavily of tequila and in the subsequent mixup in identity Moore finds himself in Mexico.

Here he meets the girl—Ruth Henshaw—who needs his help. He also meets her uncle, Barton Henshaw, as well as Rodriguez, Lopez, Clench, Ramon, the Ambassador, and Wong.

The Chinese cook warned him to take care. He was told that if he was to get Ruth out of the country, first Clench, then Wong are murdered, and John flees the country on horseback with Ruth. They take refuge in a cave.

Stew and Beechy, friends of Ruth's with whom John drank tequila in Tucson, rescue them.

FEDERAL BUREAUCRY SCORED

(Albert Cabell Ritchie was born at Richmond, Va., in 1876. He was graduated from Johns Hopkins in 1896 receiving his law degree two years later from the University of Maryland. He became assistant city solicitor of Baltimore in 1903 and attorney general in 1916. Ritchie has been governor of Maryland since 1920.)

The individual's failure to assert the charter of his liberties has caused a breakdown in political fiber and the loss or impairment of some of the dearest and most priceless possessions of American life and freedom.

We are forgetting that our indivisible Union is composed of the rights of the individual and the rights of the Union clearly defined and limited. We have been building up a federal government at the expense of the states, and in that process we are not only weakening the states, but weakening the national structure as well, by making it top heavy, unwieldy, costly, bureaucratic and remote.

If business ignores the states, or is indifferent to the political fiber and vitality of the states, it weakens the political foundations on which its whole structure rests. It should therefore work to leave to the states what the states can do.

The Theater

There is only one registered extra girl in Hollywood who in the last six months has averaged as much as five days' employment a week. That was revealed recently by the Central Casting Corporation, through which the motion picture studios hire all of their extra talent.

It appears that regularly employed extra girls have become rarer than ranking stars in the home of the movie industry. The studio area can boast approximately 100 stars.

and featured players, earning \$2,000 a week or more, but only the one registered extra girl. In addition to this lone extra girl, the figures show that eight girls averaged as much as three days a week during the six months. That was a total registration of about 6,000 women and girls.

Male extras fared little better. Of a total registration of about 5,000 men, there were not two who averaged six days a week for six months. Twenty men averaged four days a week and twenty-six averaged three days a week. The average daily wage of an extra is \$8.32. Ninety-nine per cent of all those who worked fairly regular, it was revealed, were "dress extras," of preferred status, that is, they had exceptionally good wardrobes. Scarcity of regular employment among screen extras does not mean the studios are not spending money on extra talent. The average daily payroll for extras is \$6,556, but it is distributed among 11,000 regularly registered extras.

Raymond Griffith is in Europe making pictures. Jack Mulhall will play the title role of the screen version of "The Butler and the Egg Man." Dorothy Sebastian and Director Clarence Brown are engaged. THREE INJURED AS
AUTO SWERVES INTO
DITCH ALONG PIKE

Three Dayton residents were slightly injured when their coach swerved into a ditch after side-swiping another auto, overturning and hurling the four occupants through the top at 3:30 o'clock Sunday afternoon on the Dayton-Xenia Pike in front of the Greene County Children's Home.

The coach was occupied by Mr. and Mrs. Thomas J. Martin, Mrs. Ethel Smithson, mother of Mrs. Martin, and Mrs. Francis Wisecup, sister of Mrs. Martin, all of Dayton. Mrs. Smithson, Mrs. Wisecup and Martin sustained minor bruises and cuts.

They received medical attention at the Children's Home, afterward returning to Dayton.

Authorities say that Mrs. Martin, an inexperienced driver, attempted to pass another car bound in the same direction, but turned too short, crashing into the rear of the machine. The impact forced the latter car on to the adjacent Dayton-Xenia Railway Co. rails while the coach upset in an adjoining ditch.

Both cars were being driven toward Dayton. The machine forced on the car tracks was not damaged and after returning to the highway, continued to Dayton. The driver whose name was not learned, was not hurt.

The coach was wrecked. The Dayton party was returning to Dayton after visiting a relative in Xenia. Mrs. Catherine Dike, employed at the O. S. and S. O. Home. The wrecked automobile was towed in to Swartz Brothers garage for repairs.

TWO ARRESTED AS
ACCIDENT SEQUEL
IN SPRING VALLEY

Two men are being held in the County Jail awaiting arraignment in Probate Court on liquor law violations as the result of an auto accident in Spring Valley Sunday morning at 11:30 o'clock in which an unidentified woman is reported to have been slightly hurt.

The pair under arrest are registered as John Ford and Harold Kneisley, both of Pike County. Kneisley, driver of the auto, faces a charge of operating a car while intoxicated, while Ford was charged with being in the car at the time of the accident. The woman was released. Sheriff Ohmer Tate made the arrests.

Sheriff Tate learned that the coupe, occupied by the trio, crashed into a brick wall in a blind alley in Spring Valley, smashing the front end of the machine and knocking a corner off the wall.

Authorities said the evidence showed the men had been drinking.

INFANT DIES

A daughter born to Mr. and Mrs. Carlton Anderson, Dodds Apartments, Sunday, did not live and brief funeral services were held Monday morning with interment in Waynesville Cemetery.

Sheriff Tate learned that the coupe, occupied by the trio, crashed into a brick wall in a blind alley in Spring Valley, smashing the front end of the machine and knocking a corner off the wall.

Authorities said the evidence showed the men had been drinking.

Answers to Correspondents Asthma and Diet "You are saying—well, if not my life, at least my self-respect. This is my second attempt to reduce. I started last year with your campaign and after I lost twenty pounds everyone said I looked just right, so I gave in to my friends' (?) or enemies' and stopped. And my, oh, my! I've had a terrible time trying to start all over again. However, I have started, and I'm going to stick to the final this time.

"I would like some information on Constipation and also on Asthma. My mother has had that disease for many years. Does diet affect asthma in any way? Dear Doctor, I cannot find words to express how true is my gratitude to you, for my release from excess weight. Just think of being fat all one's life, and then finding a way out!"

You have demonstrated one vital point, E., and that is, that one cannot go back to the former fattening diet without putting right back the weight that has been lost. However, when one gets to normal, then the body can care for very much more food than while fat, and apparently needs it, for no doubt the physical activities increase when the weight becomes normal. But, even then, a continued excess of food will put the weight on again.

Yes, diet does affect asthma very profoundly. There are certain foods that seem to irritate in certain cases. It may be the starches or the meat element in food—the protein—or overeating in general, and the correct diet is a large part of the treatment. Send for the article on Balanced Diet, and the one

VETERANS MAY SEE
OWN COMPANIES IN
WORLD WAR MOVIE

Chance of seeing their own companies in actual action in Belleau Woods, St. Mihiel, Chateau Thierry and the Argonne will attract many veterans of the World War to "Men of Purpose" which will be shown next Thursday and Friday, October 27 and 28 at the Bijou Theatre, it is said.

Nearly three years were devoted to the assembling of this stupendous production. The film records covering the activities of the armies and navies of every country that was at war with Germany were carefully studied so that only the most thrilling, interesting and additional scenes appear.

A zeppelin raid on London, Italian troops crossing the high Alps in snow above their waists, complete details of the German submarine campaign, with the scenes of the actual sinking of allied merchantmen, are part of this ambitious picture, which is being presented by Company L 147th Infantry, "Xenia's Own" unit of the Ohio National Guard.

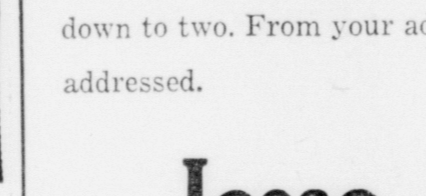

Those who were overseas will have all the old associations aroused, and once more on seeing this screen epic, and for those who were not among the olive drab clad overseas defenders, a complete picture of the entire war is presented which conveys to the spectator a much clearer idea of the whole tremendous conflict than could be gained from months of reading.

DON'T BLAME FOOD FOR INDIGESTION

When pain and discomfort follow a meal, don't blame the food and decide to go on a diet. Nine times out of ten indigestion, acidity, flatulence and heartburn are caused by excess stomach acid and food fermentation.

Even the worst attacks, are quickly stopped by taking a little "Pape's Diapepsin," which instantly neutralizes the excess acidity, stops fermentation, and soothes and heals the acid-inflamed stomach lining. Make a special point of getting a 60-cent package of "Pape's Diapepsin" from your druggist today, and so follow the example of millions all over the world who use "Pape's Diapepsin" to end indigestion and allied stomach troubles.

With "Pape's Diapepsin" handy you can eat and enjoy whatever you fancy without fear of pain or discomfort to follow. —Adv.

THIRD ATLANTIC ATTEMPT FAILS

JUSTICE EXPECTED TO FURNISH RULING IN CONSPIRACY CASE

Will Decide Whether Testimony Of 1923 Is Admissible

WASHINGTON, Oct. 24.—Harry F. Sinclair awaited the opening of court this morning in his trial, together with ex-Secretary of the Interior Albert B. Fall, for criminal conspiracy to learn whether or not admissions he made in 1923 to a senate committee may be used against him.

Over the week end, Justice Frederick Siddons had before him the arguments of opposing counsel on the question and this morning he was scheduled to hand down a ruling. Martin W. Littleton, Sinclair's attorney, has quoted the statute forbidding the employment of congressional testimony against a person in a later criminal proceeding. Owen J. Roberts, government counsel, contends that Sinclair failed to plead for such immunity at the time he appeared before the senate committee and therefore is not entitled to immunity at this late date.

The testimony in question was to the effect that Sinclair and one of his lawyers had made a trip to Three Rivers, New Mexico, Christmas week, 1921, for the express purpose of seeking Fall about leasing the Teapot Dome naval oil reserve from the government.

It is the prosecution's contention that this lease was fraudulently made and that Fall accepted a bribe of one quarter million dollars for jammings it through. For that reason, Roberts is contending the jury hear in Sinclair's own words a statement that the oil magnate traveled clear across the country to see about the lease three months in advance of its consummation.

When Fall and E. L. Doherty stood trial for conspiracy in making of the Elk Hills naval reserve lease, objections were raised to admission of Doherty's testimony before the same senate committee, but Justice A. A. Hoehling ruled it in. For that reason, Roberts is hopeful of again winning his point.

A ruling favorable to the prosecution will mean much to the point of view of testimony Fall gave the senate in the present record.

TO ARRAIGN DOCTOR HEAD OF CLEVELAND CLINIC ON CHARGE

Allege Physician Is Practicing Without Ohio License

CLEVELAND, Oct. 24.—A hearing on a writ of habeas corpus filed by Dr. Horace D. Reynolds, now being held in connection with alleged illegal operation of a "health clinic" here, was set for 2:30 p. m. today.

Reynolds has denied practicing without a medical license, as has been charged in a warrant issued following the death Thursday of a patient treated at the clinic. Another patient died late Saturday, and physicians at city hospital today reported there was little hope for a woman there, who was a former patient at the Reynolds laboratory.

"I have no Ohio medical license," Dr. Reynolds stated, in making his denial, "because I do not need one to perform my functions. I act in the same capacity as an intern at a hospital. I have been in business fifteen years, and in the last six years my institution has treated approximately 300,000 cases without a fatality. Neither of the persons who died was treated by me personally."

Dr. Reynolds has clinics operating in Chicago, Philadelphia and Detroit, he said.

Authorities here today were trying to establish the source of the latest shipment of "blood serum" received at the clinic. Records were found which checked with all previous shipments, detectives said, but no bill of lading could be located for the last.

MORROW ASSUMES POST IN MEXICO

MEXICO CITY, Oct. 24.—Dwight W. Morrow, American Ambassador to Mexico, formally took charge of his post here today. Mr. Morrow arrived late yesterday on a special train from Laredo.

An early meeting with President Calles is being sought and a request probably will be made through the foreign office either tomorrow or next day. At the meeting the ambassador will present his credentials.

COUNSEL FOR REMUS WILL SEE BUSINESS FRIENDS OF SLAYER

Former Associates To Testify — Proves Murder Offer

NEW YORK, Oct. 24.—Chas. Elston and Carl Gasler, Elston's bootlegger, charged with the murder of Imogene Holmes Remus, his estranged wife, are in New York today after what Elston described as a very successful visit to Philadelphia.

Today they will interview Representative F. H. LaGuardia of Harlem, Morris Sweetwood, Mrs. Paulina Sweetwood, his wife, Mr. and Mrs. Mannie Kessler, the latter four business associates of Remus, and two "surprise" witnesses. By these Remus expects to trace the activities of Mrs. Remus shortly before her release from Atlanta Penitentiary. He claims she was trying to cover up an affair with Franklin Dodge, department of justice agent, and to conceal Remus' fortune, which had been left in her care.

The Philadelphia visit afforded absolute proof of Remus' contention that Mrs. Remus and Dodge offered \$20,000 to have him killed in the fall of 1925, Elston said.

Russell Montz, stenographer of the Philadelphia Police Department, employed by John R. Marshall, special prosecutor of the Jack Daniels conspiracy case at the time Remus testified against his former associates in that case, swore that he and Marshall had offered Remus a guard from four gunmen who shadowed the bootlegger from his hotel.

Remus was given a .45 caliber service pistol with which to defend himself, Montz (qtd) said, at the suggestion of Marshall. Montz denied he had been given liquor or money by Remus.

JOCKEY IS SUICIDE AFTER HURTS KEPT HIM FROM RIDING

One-Time Leading Rider Takes Life To End Grief

NEW YORK, Oct. 24.—Injuries suffered in a fall at the Jamaica track, it was believed today, drove Benny Marinelli, classed a few years ago as the country's leading jockey, to end his life by gas.

Marinelli, who was twenty-five, committed suicide in a furnished room in Jamaica. He left a note which hinted that he had not been on good terms with his wife, who nursed him through the long illness after she fell in it he demanded that she be refused permission to see his body and requested that he be buried in New Jersey.

Marinelli had come up from Maryland, where he rode his first winner since his accident, and was training daily at the track working more than is customary for a jockey of his reputation in order to get back into trim.

He was known as the most reckless jockey of the present day. His accident occurred on May 9, 1925, when his horse, Upton, fell in the first race and Mark Fator, on Firearm, rode him down. Fator suffered minor injuries, while Marinelli sustained a fractured skull and internal hemorrhages.

In 1921 Marinelli was the leading jockey of the United States. Earl Sander that year was in second place and L. Fator was third. In that year Marinelli rode 118 winners, 101 seconds and eighty-five thirds.

POLICE PROBE HOLD-UPS

BRANCH GROCERY IS ROBBED; CITIZEN FRIGHTENS GUNMEN

Grocery Yields Large Sum—Ralph Chambliss Saves Valuables

Holdup of The Great Atlantic and Pacific Tea Co. branch store at 233 W. Main St., at 11 o'clock Saturday night by two unmasked men, and an attempted holdup of Ralph Chambliss, 31 Cincinnati Ave., on W. Second St., about two hours earlier the same night, were objects of police investigation Monday.

The robbery at the grocery store occurred as J. A. Wipert, R. R. No. 3, manager, and his wife, were closing the store.

They were alone in the store and after locking the front door, had secreted the day's receipts, preparatory to leaving for home.

Two strangers rapped on the front door and Mrs. Wipert, thinking they were late customers or had forgotten something on a previous visit to the store, unlocked the door and permitted the pair to enter.

One of the men said he wished to buy some cakes. Mrs. Wipert stooped to obtain the cakes and when she looked up the man had drawn a revolver.

He commanded her to hand over the paper money in the cash register and when she said the register was empty, he ordered her to get the money from his place of concealment. She complied with the request. Her husband was meanwhile "covered" by the stranger's companion, who also flourished a pistol.

The pair then walked out of the door and made their escape. It is uncertain whether they fled on foot or used an automobile.

Mrs. Wipert rushed to Police Headquarters in an automobile to give the alarm.

In the belief the robbers may have escaped toward Dayton, Peter Shagin, motorcycle policeman, patrolled the Dayton Pike. He overtook a motorist who had left Xenia for Dayton sometime before and the autoist informed the officer no auto had passed him. The chase was then abandoned in that direction.

Two hours and a quarter earlier the same evening three unmasked men made an unsuccessful attempt to holdup and rob Ralph Chambliss in front of the J. M. Fletcher residence, 205 W. Second St.

Two men pushed revolvers against Chambliss' ribs with a command to "put 'em up."

Instead of complying, Chambliss shouted for help. The men repeated their command and Chambliss' only answer was to re-double his efforts to win restoration to his rights as head of the Roumanian House of Hohenzollern.

Prince Carol and Mme. Lupescu have been spending their last week end together at Mme. Lupescu's country villa debating their position, and after a great struggle, Mme. Lupescu has decided that she will assume the role of "Dame Aux Camelias" and send Prince Carol back to Paris to live alone in exile.

Mme. Lupescu has decided upon the friendly separation because she has come to a realization that Prince Carol's love for her stands as the principal obstacle in his way back to the throne.

Prince Carol returns to his Neuchâtel home this week to await the action of his supporters in Roumania, and Mme. Lupescu remains at her country villa.

"My friends must act independently," Prince Carol said. "They must make all their plans without my participation."

"I am no plotter," Prince Carol's closest friend and adviser, who has been sharing his isolation at Mme. Lupescu's villa, leaves tonight for Bucharest but asked that his identity be undisclosed.

"Suckers" Still Biting

HOUSTON, Tex., Oct. 24.—"Gold brick financing" takes from the American public in excess of one billion dollars a year, Harry W. Ruehl, general manager of the Better Business Bureau of St. Louis, Mo., declared in an address today at the opening of the fifty-third annual convention of the American Bankers' Association here today.

Stock crooks utilize a highly organized system to dupe the public of such a huge sum annually, he said, pointing out that they even go to school, that they swap "sucker lists" and that they learn the rudiments of gold brick financing through study and application of various types of fraud. They are psychologists, too.

"You never heard one of these promoters use such a name as 'Blatz,'" Ruehl said. "This is a harsh guttural Gothic name likely to jar the sensibilities of victims when talking to them over the telephone. 'This is Blatz talking' would not do—it would build up an almost certain sales resistance. And so the stock promoter deals in French and Latin names."

Stock promoters proceed on the old theory, Ruehl said, that "once a sucker, always a sucker," and so they have sucker lists. The suckers are called "hills."

"There is a regular business of gathering these sucker lists," Ruehl continued. "The names are bought and sold like cattle. Notations are made of the mental attitude, the temperaments and other peculiarities of the possible victims. I have here some actual sucker list cards. One reads: 'Hit the chap for a thousand shares—he owns a Packard.' Another says 'Soap this bird for a thousand shares—he's a sweetie.' Another says, 'Handle this guy with kid gloves'—He's been burnt before."

The stock promoter feels it is easy to get a victim who had been caught before. Ruehl said that "reloading," as it is called, is taking advantage of the fact that the victims are already steeped in speculation and that he will spend more money in an attempt to get out.

Ruehl concluded by telling the bankers how the Better Business Bureaus of the country were combating the "gold brick" evil.

Dan V. Stephens, president of the Fremont State Bank, Fremont, Neb., told the delegates that throughout the United States since deflation began seven years ago there have been more than 4,000 bank failures, which have tied up more than one billion dollars in deposits, 50 to 75 per cent of which, he said, will be a total loss to depositors.

Titian Haired Charmer Sends Lover Away To Aid Him In Fight For Throne—Queen Attempts Reconciliation

PARIS, Oct. 24.—Mme. Magda Lupescu, the titian-haired Roman, for whom Prince Carol sacrificed his rights to the throne, has elected to put an end to her romance with the prince in order that he may be in a more favorable position to win restoration to his rights as head of the Roumanian House of Hohenzollern.

Prince Carol and Mme. Lupescu have been spending their last week end together at Mme. Lupescu's country villa debating their position, and after a great struggle, Mme. Lupescu has decided that she will assume the role of "Dame Aux Camelias" and send Prince Carol back to Paris to live alone in exile.

GRAYSON AIRPLANE RETURNED TO COAST AFTER THIRD TRIAL

Motor Failure Is Blamed After Ten-Hour Flight

OLD ORCHARD, Me., Oct. 24.—After their third unsuccessful attempt to span the Atlantic ocean to Denmark, the crew of Mrs. Frances Grayson's plane "The Dawn" today were awaiting "Doc" Kincaid, motor expert, upon whose decision rests the possibility of another attempt this year.

Kincaid was expected to reach here by plane from New York early today and examine the plane's motors. Failure of one of them to function caused Wilmer Stultz, pilot, to turn back yesterday evening when about 600 miles at sea.

So confident was the motor expert that the plane was at last well on its way to Europe that as soon as it disappeared from view he left for New York.

If repairs can be made quickly, Mrs. Grayson said, another start may be made soon. Consensus of opinions, however, indicate that the flight of "The Dawn" was definitely off until next spring.

Mrs. Grayson's words as she stepped out of her plane for the third time after having entered with the hope of not alighting until European soil had been reached clearly indicated how she felt about the ill-luck that has apparently followed this expedition.

Mrs. Grayson's third attempt to be the first woman to span the Atlantic in a non-stop flight ended after about ten hours of futile flying. Dark smears, streaked the shining wings of the plane which returned, bore testimony that oil had figured in another trans-Atlantic flight failure.

A cylinder head of the left-hand Wright whirlwind motor is believed to have cracked under the strain.

"The Dawn," caring Mrs. Grayson, Stultz, and Bruce Goldsborough, navigator, headed gracefully to sea at 6:13 a. m. yesterday. The takeoff was beautiful, and to observers it seemed that the plane was at last on its way to Copenhagen.

At about 3 p. m., however, wireless reports from the plane to the Cape Elizabeth station told of the abandonment of the flight. A message from the plane said: "We are on our way back to Old Orchard. Engine trouble and fog too heavy to go through with heavy load."

At this time the plane was off Sable Island, off the coast of Nova Scotia.

An earlier report had "The Dawn" landing at sea in difficulty and flashing an "S.O.S."

At 4:10 p. m., "The Dawn" was back from where it had started. Mrs. Grayson explained that at the point of Sable Island, Stultz noticed white smoke pouring from the motor, and oil was streaking along the side and wings of the plane. The fog was also heavy and they then decided to turn back.

Two hundred and sixty gallons of gasoline in the tanks were dumped to lighten the load for the trip back to Old Orchard.

21 KILLED IN THEATER FIRE

LONDON, Oct. 24.—Twenty-one persons were killed and fifty were injured today in a fire which destroyed a large wooden motion picture theater at Tammerfors, Finland, according to a Central News dispatch from Stockholm.

The audience, composed largely of workmen with their families, stampeded wildly toward the exits when the fire broke out. Many of those killed were trodden upon and crushed to their deaths by the frantic mob storming the exits.

COUNSEL FOR RUTH SNYDER ASKS NEW TRIAL ON OLD LAW

Attorneys Resort To English Statute To Get Appeal

ALBANY, Oct. 24.—Attorneys for Ruth Snyder, comely sashway murderess, will use an English law 300 years old as authority for a new trial they were to ask today in the court of appeals.

Edgar Hazleton, who defended the woman at her trial before Supreme Court Justice Sander for the murder of her husband, will contend she should not have been tried jointly with Henry Judd Gray. Hazleton says the double trial was against the provisions of the Baumes law.

A plea for a new trial on similar grounds will be made at the same time by Gray's lawyers. Their ground is that he was emotionally insane on the night he killed his sweetheart's husband, Albert Snyder.

Samuel L. Miller, attorney for Gray, conferred with his client last night in the death house and read to him a brief on the logic of which his life depends. Gray told him, according to Miller, that he felt confident of escaping the chair.

Mrs. Snyder, however, it was said does not have much faith in the appeal for a new trial and has become highly nervous contemplating her fate. She has not read the brief which is to be filed in her behalf, nor has she read the argument which Hazleton will make.

Both appeals will be opposed by Assistant District Attorney Charles W. Froessel, of Queens, who assisted District Attorney Newcomb in prosecuting the pair.

GENERAL DICKMAN, NATIVE OF DAYTON, CLAIMED BY DEATH

World War Leader Will Be Buried In Arlington

WASHINGTON, Oct. 24.—Maj. Gen. Joseph T. Dickman, one of the three Americans to command an army during the World War, will be buried tomorrow in the National cemetery at Arlington with all the military honors it is possible to bestow. Gen. Dickman died suddenly of a heart attack at his home here yesterday. He was 70 years old.

All federal troops in the District will be in full dress and his body will be borne to Arlington on an artillery caisson. High ranking officers of the army and navy and government officials will attend the funeral services.

With Maj. Gen. Hunter Liggett and Maj. Gen. Robert L. Bullard, Gen. Dickman commanded the three American armies in France at the time of the armistice. He participated in every major campaign in which the Americans were engaged, and was decorated by five governments.

A native of Dayton, Ohio, Gen. Dickman graduated from West Point in 1881. He became a cavalry officer and distinguished himself in the Spanish-American and Philippine campaigns. He retired in 1921 after forty-five years service.

XENIANS INTERESTED

IN COMING SONG CONCERT.
Xenia music lovers are expected to be interested in and attend an "Evening of Song" under the patronage of Mr. A. J. Thiele, Dayton, at Memorial Hall, that city, Wednesday evening, October 26, at 8:15 p. m., when Marjorie Squires, world famous contralto, assisted by Mr. Howard Gross, baritone, and pupil of Mr. Carlton McHenry, Dayton, will appear.

This evening of song has been arranged as a benefit for Mr. Gross who is nearly blind, to complete his education for a concert career and to finance his first season in New York. He received high praise from New York critics and has been accepted as a special pupil by one of the most famous teachers in New York. In preparation for the concert stage, Mr. Gross appeared with a quartette from Troy, O., in a recital given last spring for the Junior Woman's Club at the home of Mrs. J. D. Steele. The quartette sang "In a Persian Garden" it will be remembered. Helen Eldridge and Helen Brook (the piano) will accompany the singers in Dayton. Miss Brook accompanied the quartette on its Xenia appearance.

Orders for tickets should be mailed to A. F. Thiele 405 Arcade, Third St., Dayton. Further information can be obtained by phoning Garfield 727.

IF BACK HURTS
BEGIN ON SALTS

Flush Your Kidneys Occasionally by Drinking Quarts of Good Water

No man or woman can make a mistake by flushing the kidneys occasionally, says a well-known authority. Too much rich food creates acids which clog the kidney pores so that they sluggishly filter or strain only part of the waste and poisons from the blood. Then you get sick. Rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders often come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage, or attended by a sensation of scalding, begin to drink soft water in quantities; also get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine.

This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush clogged kidneys and stimulate them to activity, also to help neutralize the acids in the system so they no longer cause irritation, thus often relieving bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, which everyone can take now and then to help keep the kidneys clean and the blood pure, thereby often preventing serious kidney complications. —Adv.

LOCAL WOMEN ATTEND

CEDARVILLE D. A. R. MEET

Ten members of Catherine Greene Chapter, D. A. R., had the pleasure of hearing Mrs. Herbert Bachus, Columbus, state regent, who addressed Cedar Cliff Chapter and guests at the home of Mrs. Anell Wright, Cedarville, Saturday afternoon.

After a wedding trip to Chicago, they will reside in Cincinnati.

HALLOWEEN FROLIC AT

COUNTRY CLUB THURSDAY.

In the autumn colors of gold and brown, clever invitations have been extended by the committee in charge for a Halloween frolic at the Xenia Country Club, next Thursday night.

The invitations read: "The Halloween fairy's abroad in the land And beckons to you with gay, impish hand. To come to the Country Club next Thursday night, To join in a dance by soft candle light, So put on a masque and have a good time; The charades are nothing—not And beckons to you with gay, impish hand. To come to the Country Club next Thursday night, To join in a dance by soft candle light, So put on a masque and have a good time; The charades are nothing—not And beckons to you with gay, impish hand. Now everything's set, Let's go! Let's go!"

The committee is arranging this, the last affair of the club season, to be the outstanding party for the Country Club members.

"SENSATIONS" DINNER AND FROLIC WEDNESDAY.

The cast of "The Sensations of 1927" will be entertained by the American Legion Auxiliary, which organization sponsored the show, with a dinner at Post Hall, basement of the Court House, Wednesday evening at 6:30 o'clock. All members of the cast and pit orchestra are invited to the affair.

The dinner party will be followed by a frolic of the entire party at the Elks' Charity Fair, Elks Club, which will be turned into a "Sensations Night."

Mrs. Louise Wichterman and daughter, Miss Marybelle, Mr. and Mrs. Pearl Hanna, Miss Lucile Hanna Mr. Warren Hanna and Mr. and Mrs. Homer Hanna, of Urbana, were dinner guests of Mr. and Mrs. I. W. Clouse, N. Detroit St., Sunday.

Dr. G. W. Kuhn will leave Tuesday noon to attend a meeting of the National Dental Association in Detroit. He will return Friday evening.

Mrs. Emily Tobin, 70, 108 Bellbrook Ave., broke her left wrist in two places when she fell at her home Monday morning. Mrs. Tobin is subject to fainting spells and it was during one of the attacks that she injured herself.

Mrs. William Smith, Dayton, was the week end guest of Mrs. Agnew DeHaven, W. Market St.

Miss Emma LaMar, S. Detroit St., will be hostess to the Queen Esther Society, Trinity M. E. Church, Monday evening, at 7:30 o'clock. All girls of the Sunday School are invited.

Mr. and Mrs. Karl R. Babb, Mr. and Mrs. Frank Withoff attended the "homecoming" game at Denison University, Saturday.

Mr. and Mrs. Ward M. Huston, N. Galloway St., were receiving a visit from Mrs. Huston's mother, Mrs. Elizabeth Gillies, New Castle, Ind.

Mr. and Mrs. Frank Street and family, near New Jasper, were Sunday dinner guests of Mr. and Mrs. Venice Haynes and family, Dayton, O.

Mr. and Mrs. John Brackney, Miss Mildred Brackney, Messrs. Richard and John Jr., Brackney, near Wilmington, Mr. and Mrs. Harper Hartsook, south of Xenia, were Sunday guests of Supt. and Mrs. Charles E. Brackney, Kingman.

Barbara Ann Yockey, daughter of Mr. and Mrs. Paul B. Yockey, has returned to first grade, Central School, after being confined indoors several weeks with whooping cough.

Mr. and Mrs. Frank Rightsell, 202 W. Third St., had as their guests Sunday: Mrs. Lewis Ellis, Dayton; Mrs. Albert Hall, California; Mr. Herbert Ellis, Dayton; Mr. and Mrs. Elhu Carter, Mr. Bonner Ellis and son, Forest, of Paintersville.

Mrs. Raymond Osborne, this city, underwent a minor operation at the McClellan Hospital, Friday afternoon and is recovering nicely.

The four-year-old son of Mr. and Mrs. K. I. Jacobs, 451 S. Monroe St., was bitten on the mouth and chin by a dog belonging to a neighbor, Sunday noon. The animal is believed free from rabies but is under observation. The child's injuries were attended by a physician.

Mrs. R. J. Kelly, N. King St., left Monday morning for Cleveland to spend a week with Miss Althea Collins.

Mr. Robert A. Kelly, E. Main St., accompanied Captain T. E. Tillingshast, Wilbur Wright Field, on a flight to Los Angeles, Cal., last week, arriving in the western city last Friday. They made stops at Dallas and San Antonio, and visited friends on a ranch near Tucson, Ariz. They expected to spend only about two days in Los Angeles, where they delivered the plane, and will return by train.

Xenia friends of Mrs. Eugene Curlett arranged a surprise at her home on Bruce Ave., Dayton, Sunday, in celebration of her birthday.

Miss Mary Hopkins was removed to her home on W. Second St., Monday from Espey Hospital, after convalescing from a serious operation.

Gerald Strickle, 3, 26 Bellbrook Ave., sustained bruises and slight concussion when he was struck by a milk truck near his home, Sunday afternoon at 1:30 o'clock. The child was struck when he ran into the path of the auto witnesses said. He was removed to his home and his injuries are not thought serious.

Mr. John Ryan, Springfield, motorman on the Springfield and Xenia traction line, had recovered Monday from a severe heart attack suffered Sunday evening, while operating his car. Mr. Ryan had the attack when the car was near Emory Chapel. Mr. Lawrence Kahoe, conductor, operated the car into Springfield and Mr. Ryan was taken to his home.

Mr. Cleve Stevenson and Mr. Luiz Stevenson, Columbus, were guests of their uncles, Mr. E. H. Clevenger and Mr. L. H. Clevenger, who is a patient at McClellan Hospital, Sunday. Mr. Clevenger's condition remains about the same. His son, Mr. Ralph Clevenger also visited him Sunday.

Mr. R. H. Slagle, this city, returned late Saturday night after attending a week's annual convention of the National Poster Association at Atlantic City.

POLICE CLEAR HOUSE ROBBERY
WITH ARREST OF TWO SATURDAY

Wholesale looting of the residence of Mr. and Mrs. Andrew Darling, colored, 1022 E. Market St., last week, was believed by police to have been cleared up with the arrest of two men who gave their names as John Morgan, 33, and Carl Lewis, 29, both colored.

The robbery of the Darling home occurred during the absence of the family and while they were making preparations to move to Fairfield, where both are employed.

Returning home last Thursday, they discovered their house had been ransacked and a great amount of household furnishings taken. The loot included three or four room-sized rugs, four smaller rugs, a feather tick, five or six pillow cases, five sheets, \$40 worth of carpentry tools, two black silk dresses, gold watch, a rifle and other articles.

Morgan and Lewis were arrested at a house they had rented in Wilberforce. The residence was rented, police believe, for the sole purpose of being used as a place of concealment for stolen goods.

A search of the house in the absence of the tenants Saturday, revealed a quantity of articles including auto accessories that police think were stolen. Police discovered two five-gallon jugs of wine, two shot guns, two rifles, a number of auto tires and rims, both old and new; several boxes of nuts

TWENTY PASSENGERS SHAKEN UP
WHEN TRACTION CARS COLLIDE

About twenty passengers were shaken up when westbound Dayton and Xenia Railway traction car No. 150 crashed into a line car on a siding at Trebeins early Monday morning.

None of the passengers was injured but Conductor L. O. Underwood, Dayton, was thrown to the floor.

The front vestibule of the passenger car was smashed when it buckled in the collision.

Mrs. Clara L. Reutinger and daughter, Miss Betty, left Monday morning for Chicago, Ill., where they will make their home with their son and brother, Mr. Edwin Reutinger. Their residence on N. Detroit St., will be taken by Mr. and Mrs. W. C. Sutton, who are returning to Xenia for the winter, after spending the summer at Waterbury Resort.

Mr. and Mrs. Arthur J. Reynolds, E. Church St., are announcing the birth of a daughter, weighing six pounds, at McClellan Hospital, Sunday morning. The child has been named Nancy Jean.

Mrs. Anell Stephens will be hostess to Mrs. J. T. Charters' class, First M. E. Church, at her home on Pleasant St., Tuesday evening. Members are urged to attend.

Dr. and Mrs. John Ayer, W. Second St., spent Sunday in Norwood, Cincinnati, with relatives.

Mr. T. C. Owens, 321 Bellbrook Ave., who was a patient for a time at Miami Valley Hospital, Dayton, has been brought to his home in this city. His condition is believed to be improved.

Miss Corine St. John, Maple Corn. rd., had as her week end guest, Miss Vesper Rosell, of near Osborn.

KIWANIS TO HEAR
ABOUT CROSSINGS

"Grade Crossings" will be the subject of Herman Eavey, president of the Greene County Board of Commissioners in an address to Xenia Kiwanis Club Tuesday evening.

W. J. Kennedy, Dr. G. A. Kuhn and James Paulin compose the committee in charge.

The meeting will take on the nature of "ladies' night" next week, at Central High School, when the Rotary Club will join the Kiwanians.

Mrs. Charles Adair, Mrs. Charles Keble and Mrs. Edwin Galloway have taken the responsibility for the program of the evening.

The widening of Green St., to relieve traffic conditions is suggested in the Kiwanis Bulletin, issued this week, and members of the club are asked to discuss the matter with Commissioner Eavey.

"DOUBLE PARKERS"
WILL DRAW FINES

Police served notice on motorists Monday that the educational campaign to cure drivers of "double parking" of automobiles in the congested business district of the city is at an end, and that a \$2 fine will now be inflicted in all cases of machines tagged for illegal parking for the first time.

First offenders will draw the minimum fine of \$2 while drivers previously warned will submit to more severe punishment.

That this order will be carried out was indicated when a man named Dunlap, arrested over the week end for illegally parking his car was fined \$2 by Mayor J. W. Prugh.

TWENTY PASSENGERS SHAKEN UP
WHEN TRACTION CARS COLLIDE

The collision is attributed to slippery rails as the brakes, when applied, refused to hold the wheels to the rails.

The line car, traveling ahead of traction car No. 150, which left Dayton at 6:30 a. m. and was due in Xenia at 7:30 p. m., was on the siding at Trebeins leaving the switch open for No. 150, bound for Dayton, which also pulls in on the siding to clear the main track for the Xenia-bound car to pass.

The Dayton-bound car was moving rapidly and when the brakes refused to hold, plowed into the line car. Fred Bremer, Dayton, substituting for the regular motorman, who is taking a vacation, was motorman on the damaged car.

The Xenia-bound traction continued on to this city after the accident and returning to Dayton, stopped at Trebeins for the transfer of passengers on No. 150 for Dayton. The line was not tied up.

JOSEPH BOLLINGER
CALLED SUDDENLY

Joseph Bollinger, 64, well known farmer, dropped dead at his home, two miles south of Springfield Valley, at noon Monday. Death was caused by a stroke of paralysis.

Mr. Bollinger was born and reared near Beavertown and resided on the farm where he died the last twelve years. He leaves his widow, Mrs. Edith Bollinger, one son, Lawrence at home and one daughter, Mrs. Leona Carr, Dayton.

Funeral arrangements have not been made.

TRUCK STRUCK BY
TRAIN AT OSBORN

Lester McLaughlin, 1809 Morgan St., Springfield, sustained severe, but not fatal injuries and cattle were strewn all along the right-of-way, dead, when a truck driven by McLaughlin was struck by a Big Four train at a crossing in Osborn at 7:15 o'clock Monday morning.

McLaughlin was taken to a Springfield hospital for treatment. He was driving the cattle to Springfield for Jack Elser.

"SICK-HEADACHES?"

Torturing, maddening! Most always trace them to a lazy liver, constipation and a sour-sick stomach. Poison of fermented foods retained, instead of passing, is reabsorbed into the blood. When this poison reaches the delicate brain tissues, it causes congestion and that acute, sickening pain.

Blackburn's Casa-Royal Pills quickly and surely remove the cause by stimulating the liver, toning up the bowel-nerves, making the poison-ferments move on and out, thus purifying the blood and curing the headaches. The effect is almost instantaneous.

Women, because of their sensitive organism, especially prone to periodical headaches, should not suffer if a druggist is nearby—for Blackburn's Casa-Royal Pills have helped millions during the past 25 years. Non-secret formula, small, sweet, prompt and "Better Than Castor Oil." Two sizes 15c-30c.

No disposition has been made of these cases pending a further investigation and efforts to identify the articles thought to have been stolen.

BEWARE THE
COUGH OR COLD
THAT HANGS ON

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist, (adv.)

Prescription He Wrote
in 1892 is the World's
Most Popular Laxative

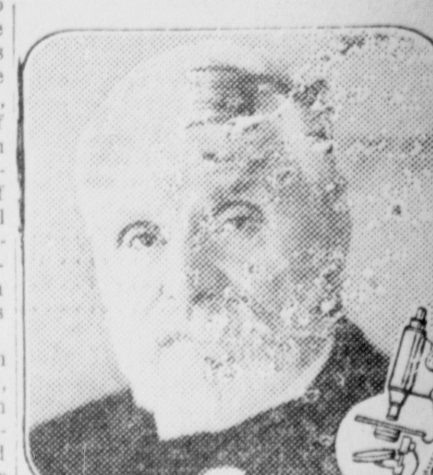

When Dr. Caldwell started to practice medicine, back in 1875, the need for a laxative were not as great as they are today. People lived normal, quiet lives, ate plain, wholesome food, and got plenty of fresh air and sunshine. But even that early there were drastic physics and purges for the relief of constipation which Dr. Caldwell did not believe were good for human beings to put into their system. So he wrote a prescription for a laxative to be used by his patients.

The prescription for constipation that he used early in his practice, and which he put in drug stores in 1892 under the name of Dr. Caldwell's Syrup Pepsin, is a liquid vegetable remedy, intended for women, children and elderly people, and they need just such a mild, safe, gentle bowel stimulant as Syrup Pepsin.

Under successful management this prescription has proven its worth and is now the largest selling liquid laxative in the world. The fact that millions of bottles are used a year proves that it has won the confidence of people who needed it to get relief from headaches, biliousness, flatulence, indigestion, loss of appetite and sleep, bad breath, dyspepsia, colds and fevers.

Millions of families are now never without Dr. Caldwell's Syrup Pepsin, and if you will once start using it you will also always have a bottle handy for emergencies. It is particularly pleasing to know that the most of it is bought by mothers for themselves and the children, though Syrup Pepsin is just as valuable for elderly people. All drug stores have the generous bottles.

We would be glad to have you prove at our expense just much Dr. Caldwell's Syrup Pepsin can mean to you and yours. Just write "Syrup Pepsin," Monticello, Illinois, and we will send you prepaid a FREE SAMPLE BOTTLE.—Adv.

BOOZE NOT ISSUE

Some United States senators are convinced that, however much the wets may rage and gnash their teeth, no liquor of an intoxicating nature, will be poured on the troubled waters of either convention in 1928.

For instance Senator Capper points out that the sentiment of the country won't allow a repeal of the Eighteenth amendment and that any other move such as one towards modification would violate the spirit of the law.

"I have not the slightest doubt," declares Senator Capper, "that the Democratic National convention of 1928 will demand enforcement of the prohibition law. It is certain that the Republican National convention will. Modificationists and compromisers on a question that is incapable of compromise or of modification, will be in such a minority in the Republican National convention that my prediction is they will not be heard from. If the issue should be raised, I do not anticipate it will arouse great interest among the delegates. It will be voted down without a roll call. Liquor has never obeyed any modifying law. It will never obey any law but a bone dry law honestly and vigorously enforced. Every one of the rock-ribbed prohibition states knows you cannot make terms with John Barleycorn. Whenever the liquor question is raised in an election the candidate who attempts to straddle it goes down to defeat. It is not an issue which may be juggled with. I am certain that neither party, certainly not the Republican party, with trifle with the people by favoring modification any more than it will favor the repeal of the amendment."

MOVEMENT FROM FARMS

We need not worry about the movement away from the farms; we would be better off with fewer farmers of a higher grade, declares a writer in a New York financial publication.

"In spite of a population 85 per cent rural in 1820, and only 26 per cent rural in 1925," says the writer, "it is nevertheless obvious that we have all the farmers we need. Relatively to population no great nation imports so little farm products as this country. Certain varieties of Canadian wheat for blending in the manufacture of flour represent about the only considerable item. We need no more farmers than we have, and as they become better farmers we could see the number reduced without anxiety. Indeed, the solution should be in the industrialization of farming. There is a good deal of sentimentalism about the moral superiority of the farmer's life. At least it is evident that those who are agitating for farm relief have not yet given the subject anything like the stringent economic analysis which it requires."

When Congress is not in session there is a prolonged howl for it to get together and do something, and when it is in session, there is a demand for it to go home and stop disturbing business.

The Way of the World

LOVE AND CHEMISTRY

Love is a matter of atoms. Dr. Hardin, president of the American Electronic association, and a well known scientist, would have us believe romance is only another problem in chemistry. He says: "Every mechanical work of earth, air, fire, and water, every criminal act, every human deed of love or valor—what is it all but the relation of one swarm of atoms to another?"

"Man is a combination of electrical impulses. Mysterious showers of electronic energy radiated by the distant sun and distant stars pass through him, drastically affecting his mental and physical states."

All very well to explain love and romance in terms of chemistry and atoms. That doesn't change it at all. The young man and the young woman are not interested. Explain it or leave it unexplained. It's all the same to lovers and always will be. Interesting in theory, it means nothing in practice.

YOUR RIGHT TO SPEAK

No citizen has a right to defy the law. But don't forget that every citizen has a right to advocate the repeal of a law, to talk against it, write against and do everything he can to have the law repealed. There are no more intolerant people than those who are intolerant of those who insist on the right of free speech. Even if you disobey certain laws it does not mean you are against the whole constitution of the United States. Some of the most violent "reds" are those who see red when others disagree with them.

WOMEN FAITHFUL TO DUTY

At a meeting of an organization of women in a certain city it was found that the president and vice president were both absent. Inquiry revealed that the president was serving on a jury and the vice president was at home taking care of a month-old baby. That's not bad news. Learn the facts and you will find that women are more loyal to duty than men. There is much loose talk about women neglecting home duties for civic work. The amazing fact is that they can do both so well.

ALL IN A FEW WORDS

Some time ago the mayor of Butte, Montana, made an inaugural speech. It broke the record for brevity and yet it is one of the best inaugural speeches you ever heard. Here it is:

"Those policies and efforts of the administration during the past two years which have proved beneficial will be continued. The board of aldermen and the citizens of this municipality may surely assume that there will be earnest persistent endeavor to remedy defects and eliminate mistakes."

There is a model for mayors, governors and others. Remember that words may cover up an idea as well as reveal it.

The Daybook

OF A

New Yorker

By Burton Rascoe

NEW YORK, October 24. — Cluttered about the subway station at Hunt's Point are a half dozen dog-eared, mangy-looking trees, scores of benches and an incredible amount of dust. All about are large business buildings and streets crammed with heavy traffic, for this is a very busy section of the Bronx. Apparently every mother in the neighborhood comes to this dubious oasis every day.

It is always crowded with women and children and perhaps a few old men. They sit there, all day long the roar of a busy city drumming in their ears and placidly gossip. This is one of the most domestic spots in the city, comparable to the parkway along Riverside drive. All of which makes it a queer, unnatural sort of place. It is as if one were to see a crowd of mothers and children spending the day in camp chairs behind the Times building.

Add sidewalk amusements: Forty-third street, between Fifth and Sixth avenues, is being repaved, and a number of devices over and above the usual tools employed in this work are fascinating to pedestrians. Perhaps the biggest drawing card is a portable furnace. This is merely a large sheet of steel, acting as a bottomless furnace which can be slid along the street. It is attached to the rear of a small truck from which oil is pumped underneath. A roaring blast results, which cooks the new paving in short order. And for some unknown reason a portly and truly beautiful fire engine is parked on the street all day long. Two naughty firemen sit unmoving on the front seat, never deigning to look at the gaping multitude clustered about.

Boys earning their way through at Columbia and at New York University have unearthed a novel of perhaps degrading sort of job. For twenty-five cents an hour, they conduct and supervise the exercises of dogs. Many a lady is too weary to accompany her pet Pomeranian on his daily constitutional, and is ready and anxious to have it done for a quarter. Most of the boys take out five and six dogs a time, which gives them a fairly profitable wage.

A "Dummy Chucker" is Broadway patois for a charlatan who gains a living by throwing a synthetic fit—caused by eating soap. Incidentally a popular racket about town is fast coming to an end. The suckers are learning of the stunt. A drug store is selected, in which there is a delivery boy. Then one of the racketeers calls the store and orders articles amounting to a dollar or so, to be sent to a certain address. The store is instructed to send change for a \$20 bill. Then the racketeers go to the address given, and wait for the boy. This is always a small apartment building in which there is no door-man or inquiring official of any sort. One of the thieves waits outside. When he sees the boy coming he gives him the man inside a signal to let him know whether the boy is alone or not. The man inside has taken off his coat and hat and hidden them nearby. When the boy enters he is apparently just coming down the stairs. He asks him if he is looking for Mr. Doe. When the boy replies that he is, the thief gives him a check for \$20, takes the articles and the change and dismisses the lad. The check, of course, is worthless. The racket seldom fails.

KELLYGRAMS

Why Gossips Are Good Neighbors

In the long run, I believe, the most intelligent and most companionable persons I have known were great natural gossips.

I'm not referring now to malicious gossips who try to get even with the world by telling exaggerated stories about shortcomings of neighbors. There is no more reason to confuse scandal-mongers with the rank and file of gossips than to group bankers and burglars together because each is intent on getting money. The born gossip is a person who so loves his fellow humans that he is full of curiosity about their activities.

I find that I am never so anxious to know what is going on among my neighbors and all over town as when I'm feeling at peace with the world and hopeful that mankind may have every reasonable success.

When something has gone wrong, I don't care what people are up to and don't even feel much interest in reading moods I'm disgusted with the human race and all its works. I say: Let the world go to the bowwows if it so desires. But show me your town's leading gossip—the fellow who knows the real inside of all that is happening—and I'll show you a charitable, wire-awake, dependable citizen who knows too much about average folks not to be tolerant of their weaknesses.

He is ever ready to excuse men who turn down pages of books, beat their wives, or wear derby hats.

Moreover, he is probably full of interesting chat about people and things, and therefore a delightful companion at a dinner party.

Imagine, though, spending an evening with a selfish fellow who thinks so little of other persons that he has never taken the trouble to inquire or observe anything about them, or never mentions what little he does know.

Now to be a good gossip, to know what is going on about you,

The Old, Old Questions
It amazes me to see that with all the talk of the modern woman, her freedom from conventions and her absolute equality with man, she puzzles over the same old questions that worried her grandmother and mother.

Here are letters from two young women who want to attract certain young men. Both would double the corn the imputation that they are not entirely up-to-date, but both hesitate to make advances.

"Dear Mrs. Lee: About six weeks ago I met a young man who impressed me very much and he seemed equally pleased with me. When he asked me for a date, on account of some rule at home, I could not give him a satisfactory answer. I explained the circumstances to him.

"Now, since I know that I would be allowed to have him see me, how shall I go about letting him know?"

Why not drop him a note or call him up, Glory, the former pre-

Peter's Adventures

By Mrs. Florence Smith Vincent

ALL MERRY BUT ONE

So quiet it was that if Peter had thought about it at all, he must have come to the conclusion that he and the Possums and the Great Woods all to themselves. All the while he and the Possums had been visiting, the moonlight had been growing brighter, until now the clearing was as light as day.

Although the feast is the main thing, a picnic wouldn't be a picnic without a bit of play, and the little Possums knew this now as well as anybody else. At last, having eaten their fill of the fruit of the tree, they joined in the games of the wood folk. Hide-and-seek among the shadows that fell on the border of the clearing, just where the trees began—what fun that was!

Besides, one never quite knew just what was lurking in the darkness, and as long as one didn't really get caught by the enemy, the thought of hidden danger made things more exciting.

Skip-hop! The Possum with the longest legs was sure to win this contest. And hang-tail! Well, that was the finest game of all, for that gave the youngsters a chance to show how strong they were, growing. No weakling Possum could grasp a branch and swing in midair and head down!

With squeals and squeaks of joy the baby Possums made merry.

It is necessary—or at least it is helpful—to be intelligent. One can't follow any set of standard rules about how to absorb information. Finding out things is an art. If you merely run up to people and ask a lot of questions they become suspicious and don't tell much. You must learn without any seeming effort. The best newspaper correspondents are rarely those who operate their legs most assiduously but who quietly make casual inquiry about one thing and another, then with rare artistry put two and two together.

Such individuals are only those who glorified village gossip who publish their information and thus turn their interest in other people about the human race to profit.

right to pet? Shall I let every fellow I go driving with kiss me? Doesn't it take the sweet, innocent youthfulness from a girl? You know, Mrs. Lee, some day I'll fall in love and marry, I hope, and I want my husband to have an unspooled wife. So far I have let them all kiss me and hold me in their arms and I have become more popular every day. But will it spoil me later?

Well, Billie, do you feel as if the "sweet, innocent youthfulness" has been taken from you? I can't see how you can be quite unspooled with all that promiscuous petting. I should think it would make you both feel and appear cheap. And I am quite sure the average young man would not care for a wife that was quite so free with her caresses.

"All's fair in love and war," they say, Bobbie. I don't believe it, but in this case, why not invite your cousin, the boy friend and some other young people over for the evening? I think you can find a way to find out if he too would like to renew the friendship.

That plague of youth—the petting question—bobs up in the following: "Dear Mrs. Lee: Is it all

right to pet? Shall I let every fellow I go driving with kiss me? Doesn't it take the sweet, innocent youthfulness from a girl? Wilberforce Routs Kentucky State Eleven 44 To 0

KENTUCKIANS TAKE LOP SIDED DEFEAT AFTER WEAKENING

Second Half Rally Enables "Force" To Stage Victory

Staging a rally in the second half when the Kentucky defense crumbled, Wilberforce University gridgers turned a fiercely-fought football game into a rout with the net result of a lop-sided 44 to 0 victory over Kentucky State College on the Wilberforce gridiron Saturday afternoon.

Fifteen hundred fans witnessed the game. Ritchey, brilliant Wilberforce quarterback, did not get into the contest and was greatly missed.

Coach Graves started his second team in the first quarter. The first team was inserted in the second period but failed to function properly and the only score of the first half came in the opening quarter when Greene, sub quarter, dropped-kicked a field goal for Wilberforce from the twenty-five yard line.

Wilberforce registered twenty-three first downs to five for the Kentucky eleven. The Wilberforce line also out-weighted that of the visitors.

Kentucky suffered from poor punting of Bean and Moore, whose kicks averaged only twenty yards.

Forward passing of Harding featured Wilberforce's brilliant aerial attack. Harding was also the kicker for his team and his punts averaged forty yards.

Harding, Ward, Tynes, Snell and Greene were the outstanding ground-gainers for Wilberforce while Slater, giant tackle, played a wonderful game on the line.

Passing of Bean and running of Jones featured the Kentucky attack.

Wilberforce began a forward pass attack as the second half opened and scored four touchdowns in the third period. A pass, Harding turned left end for twelve yards, placed the ball on the three-yard line. Harding had the honor of crashing over for the first touchdown on the next play. His attempted place kick for the extra point was low.

Relying entirely on line plunges by Harding and Ward, Wilberforce marched half the length of the field for its second touchdown. Ward finally crossing the last chalk mark on an off tackle play. Harding made the extra point.

The third score was not long in coming. Taking the ball in mid-field, Harding picked up twenty yards on a cut-back, but in a punt was forced soon afterward. Greene intercepted a Kentucky pass and sprinted forty-yards to the one-yard line before he was upset. Harding slid off tackle for a touchdown and kicked the extra point.

After the next kickoff, Wilberforce aided by a poor punt, obtained the ball on Kentucky's forty-yard line. Snell slipped through the line for thirty-one yards. After two line plays had gained but two yards Harding hurled a short pass to Ward, who stepped over the goal line for a touchdown as the third period ended. The goal kick was good. Ward made a remarkable catch of Harding's pass.

Shortly after the final quarter got under way, Wilberforce worked the ball to within striking distance and a touchdown resulted from a short pass, Harding to Mendenhall behind the goal line. Harding kicked the added point.

Recovered fumble on Kentucky's twenty-five yard line paved the way for the final score. Tynes, on the second play, pierced the line for twenty-five yards and a touchdown. Harding kicked goal.

Weather was ideal for the contest. Wilberforce remains among the ranks of the undefeated eleven. Three games have been won and only a scoreless tie with Bluefield Institute mars the clean slate.

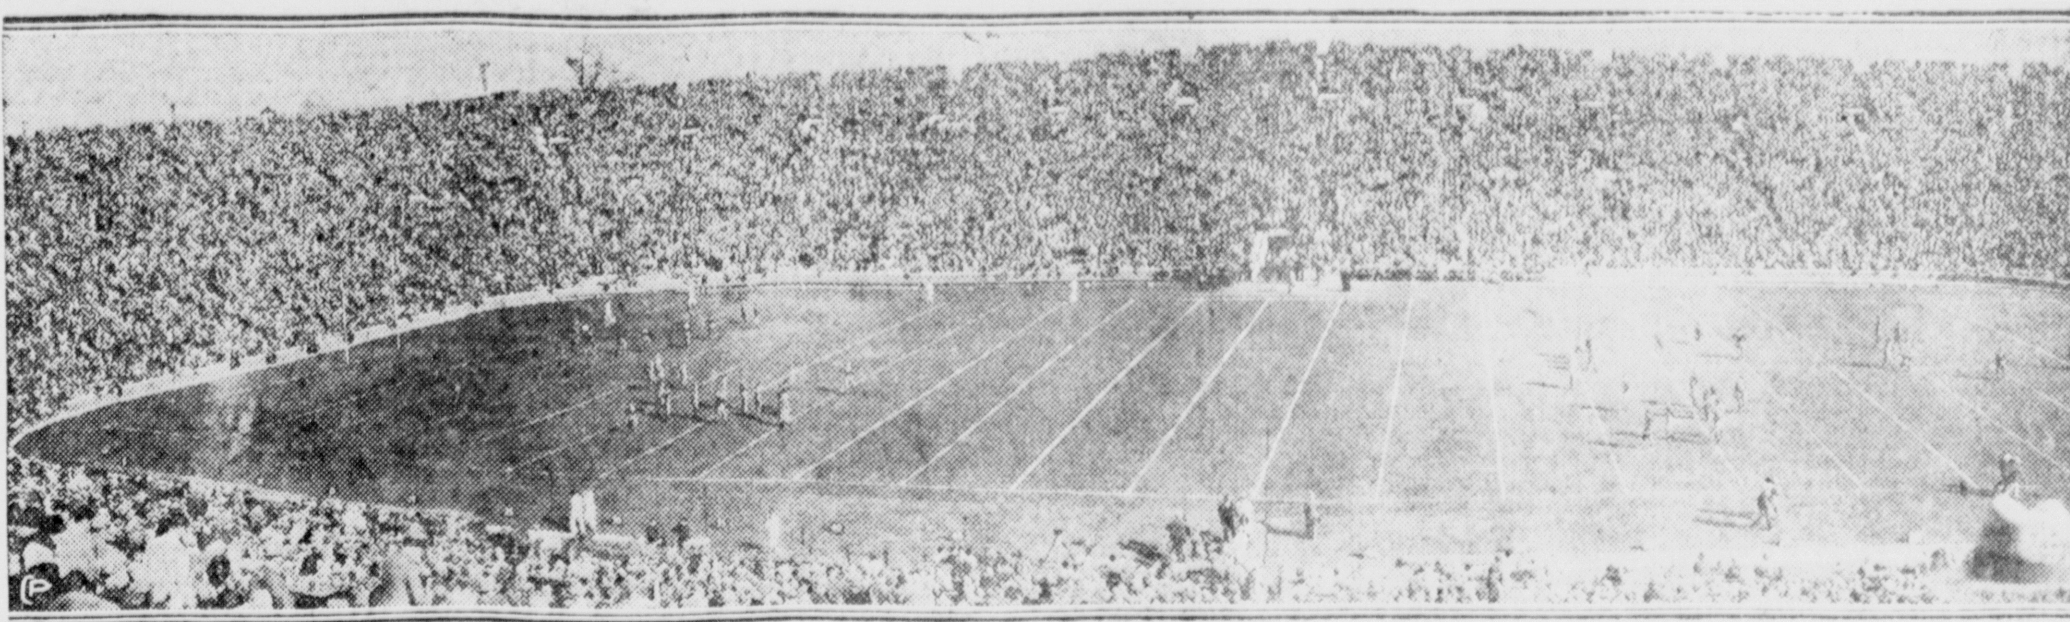

Wilberforce will play an inter-sectional game with its ancient foe Howard University at Washington D. C. October 29. Lineup and summary:

REFUSE TO TAKE CHANCE
WILLOUGHBY, Ohio.—For an hour a small animal—commonly known as the skunk—reigns supreme on a bridge crossing Chagrin river, a bridge that ordinarily accommodates a great deal of traffic in an hour. Autoists refused to drive across the bridge which would have involved a risk of the animal venting his fury upon their cars. After about an hour the striped animal trilled away and traffic was resumed.

POOR PUNTING ENABLES KENT TO DEFEAT YELLOW JACKETS 19-18

An epidemic of poor punting enabled Kent State Normal College to nose out the Cedarville College "Yellow-Jackets" 19 to 18 on Kent's gridiron in a football game full of thrills Saturday afternoon.

Cedarville at one time had a substantial lead of twelve points, but Kent was ahead 13 to 12 at the half. In the third period the Yellow-Jackets again went ahead, scoring one touchdown, only to have Kent put across its winning touchdown in the last few minutes of play.

Cedarville drew first blood, scoring in the first few minutes of play on a march down the field, ending when Adair went across after receiving a ten-yard pass from Captain Nagley.

MANY HEAR REVIVAL SERMON AT CHURCH

An "old fashioned revival" characterized the services at the United Brethren Church, Sunday, with the Rev. D. E. Gillespie, evangelist.

The Rev. Mr. Gillespie does not choose to announce his subjects before the meetings. Services are held every night at 7:30 o'clock, with the exception of Thursday, when they will begin at 7 p. m., and Saturday night, when there will be no service.

ANITA LOOS UNDER SURGEON'S KNIFE

LONDON, Oct. 24.—Anita Loos, the well known American scenarist and authoress, now residing in Vienna, today was recuperating from one operation only to be faced with the necessity of another within the week, according to a dispatch from Vienna to the Westminster Gazette.

The operation was for a nose ailment, the dispatch added. The second operation will be of the same nature.

ELKS CHARITY FAIR WILL OPEN TUESDAY WITH BAND CONCERT

Merry-making, incident to the opening of the Elks Charity Fair, will begin at the Elks' Club Tuesday night at 8 o'clock. The Fair is being held to raise money to treat a thousand children of the county at Christmas time.

The Elks' Club at Second and Whiteman St., will be thrown open to the several hundred guests expected each night and elaborate decorations are being arranged. Workmen were busy at the club rooms Monday making final arrangements.

The Charity Fair will open with a free band concert by the O. S. and S. O. Home Band, from 7:30 to 8:30 p. m., Tuesday, in front of the Elks' Club. After the concert, the festivities will center on the inside, when dancing will be the main feature.

Smalley's Orchestra will furnish the music for the dancers each evening. A prize will be given away each night of the Fair donated by Xenia merchants. Twenty-five dollars in gold will be given away the last night, Saturday.

A masquerade will be held at the club Saturday night, when the celebration is expected to reach its peak. A matinee for children will be held Saturday, when prizes for the best looking and also the most comical costumed children under twelve years, will be offered.

Jacob Kany will serve refreshments each night of the Fair. The Elks hope to have the whole-hearted support of the community so that they can make this the best Christmas treat they have ever given to the children.

TWO INJURED WHEN AUTOS COLLIDE ON JAMESTOWN PIKE

Two of three occupants of a Dodge coupe, received slight injuries, when the auto crashed into a second car on the Jamestown Pike, two miles east of Xenia, near the John Mangan farm, Sunday night at 9 o'clock.

Floyd McClain, Jamestown and a young man by the name of Sutton, of Bowersville, were cut and bruised, Sutton receiving cuts about the hips and McClain, injuries to his arm.

The accident happened when the coupe driven by Dewitt Tobin, Jamestown, who was unhurt, crashed into a Dodge touring car. The touring car had been occupied by several colored youths and had stalled and was being pushed to the side of the road.

The trio occupying the touring car admitted they had been racing with Loren Thomas, Jamestown, immediately before the accident. Thomas had passed the stalled car before the wreck with the second car occurred. None of the colored youths were hurt. Both machines were completely wrecked.

Sutton and McClain's injuries were attended by a Jamestown physician.

TWINS DIE
Twin sons, born to Mr. and Mrs. Cecil Phillips, 103 E. Third St., Sunday morning, did not live and brief funeral services were held Monday morning at 11 o'clock with burial in Woodland Cemetery. One of the babies did not live after birth and the other survived six hours.

Besides the parents, six other children survive.

SCRUPULOUS HONESTY
CLEVELAND, Ohio.—Miss J. Orville Kahn, a high school teacher was vacationing in New York. Upon her return to Cleveland she noticed in the newspaper an announcement that a young woman whom she met in New York and with whom she did a great deal of sightseeing, including taxi rides, was looking for her through the newspapers to settle for a portion of the taxi bill which she overpaid. "I wrote her to keep the change," said Miss Kahn.

GOT A NICKEL?
Here's the Greatest Treat in the Whole Smoking World for 5c

Go ahead and doubt it. You can't be blamed. For you've been hearing all your life about 5c cigars that are "really worth more." No doubt you've been disappointed more than once too!

Just the same—a good 5c cigar is possible and *Havana Ribbon* is its name! Here's the difference: *Havana Ribbon* sold at a higher price for years. Sold big! And just because it did pile up such volume sales it is now possible to make the price a nickel. A downright good cigar—regardless of price. With all the mellowness and body that comes from ripe tobacco.

Try it. Step into a nearby cigar store—today—and ask for "*Havana Ribbon*." It will cost you just a nickel, but you'll forget the price the minute that mellow mildness and friendly fragrance start talking to your taste!

MEMORIAL BUILDING FAVORED AS LEGION CENTER FOR PARIS

INDIANAPOLIS, Ind., Oct. 24.—American Legionnaires who could not go to France this year with the Legion and visit the battlefields and cemeteries under the advantage offered, and especially the assistance given by various bureaus of information, may do so at some future date and find in Paris an augmented system of help.

Paris is the central point from which to start on a trip through the battlefields and cemeteries of the World War. Few persons would go on such a journey without visiting Paris, probably first of all. This fact led to the adoption of a resolution by the national convention in Paris to provide a memorial building in that city, according to official reports of the convention just received at National Headquarters of the Legion here.

The resolution reads: "Whereas, a permanent American Legion building in Paris, containing the appropriate memorials of the World War, and to the center of American Legion activities, would be another tie binding closer France with the United States; "Now, therefore, be it resolved, That the ninth annual convention of the American Legion, sitting in Paris, hereby endorses the proposal of the Department of France, The American Legion, to purchase or construct, furnish and endow, such a building which shall stand as a lasting monument in the land where the American Legion had its birth, that any method of raising funds outside the Department of France may have the approval of the National Executive Committee."

"Now, therefore, be it resolved, That the ninth annual convention of the American Legion, sitting in Paris, hereby endorses the proposal of the Department of France, The American Legion, to purchase or construct, furnish and endow, such a building which shall stand as a lasting monument in the land where the American Legion had its birth, that any method of raising funds outside the Department of France may have the approval of the National Executive Committee."

GERMAN CAVALRY ABOLISHES LANCES

BERLIN, Oct. 24.—German cavalry has virtually been transformed into a sort of mounted infantry by a decree of General Heye, commander in chief of the Reichswehr, by which lances, the domestic pride and glory of the any nation, have been definitely abolished.

General Heye believes that the fighting power of cavalry units will increase considerably after lances have been abolished because valuable time is thus gained for other, more important and more modern, military exercises.

The general's decree is said to have caused widespread disappointment among officers and men of the few cavalry regiments left to Germany under the Versailles Treaty. It is likely to stem the rush of recruits to the cavalry, who always thought themselves a "crack" troop as compared to the infantry on which they used to look down as "pedestrian guard."

EAST END NEWS

Mr. and Mrs. W. C. Harris, in company with the former's mother, Mrs. Romain Harris and her niece, Mrs. Nannie Stafford, of Dayton, were the dinner guests of Mr. and Mrs. L. H. Sloan.

Mrs. Romain Harris will remain in Urbana for a week's visit. It was a busy day at the Community Mission Bible School Sunday, when the Rev. Jerry Herrian and family, of Jamestown, O., had charge of the afternoon services.

The Rev. Mr. Herrian brought the message and his wife sang a solo, "The Eastern Gates." Mrs. A. J. Chaffield and Mrs. Mary Croford read a paper on "Missions." In the evening, the Rev. Jerry Penelton and wife had charge of the program, when all took part. The school is holding its Bible Conference which has been very successful with quite a few members added to the school. Hattie Spencer is superintendent of the school.

The individual's failure to assert the charter of his liberties has caused a breakdown in political fiber and the loss or impairment of some of the dearest and most priceless possessions of American life and freedom.

We are forgetting that our indivisible Union is composed of indivisible states, with the rights of the Union clearly defined and limited. We have been building up a federal government at the expense of the states, and in that process we are not only weakening the states, but weakening the national structure as well, by making it top heavy, unwieldy, costly, bureaucratic and remote.

If business ignores the states, or is indifferent to the political fiber and vitality of the states, it weakens the political foundations on which its whole structure rests. It should therefore work to leave to the states what the states can do.

JOHN MOORE, New York business man, goes to Tucson, Ariz., on business, expecting to return to New York the next day. He meets a college associate, Philip Morton, who has business in Mexico. Both drink heavily of tequila and in the subsequent mixup in identity Moore finds himself in Mexico.

Here he meets the girl—Ruth Henshaw—who needs his help. He also meets her uncle, Barton Henshaw, as well as Roderick, Lopez, Clench, Ramon, the Ambassador, and Wong, the Chinese cook. John finds that Morton is involved in an arms plot with Henshaw and his friends and is warned to get Ruth out of the country. Miss Clench, then Wong, is murdered, and John flees the country on horseback with Ruth. They take refuge in a cave.

Stew and Beechy, friends of Ruth's, with whom John drank tequila in Tucson, rescue them.

CHAPTER THIRTY-SIX

"I met Miss Henshaw in Tubutama. Ramon arranged that. I rode home with her. There was a gang waiting for Morton—at the ranch—he is selling them guns as mining machinery. I let them think I was Morton."

"The Chinese cook wanted me to take Miss Henshaw away at once. His story agreed with Ramon's. But I like a fool! They had no definite accusations."

"Last night they murdered one of their own gang, a fellow named Clench, and the old Chinaman—Wong. Damn him!"

"Who?"

"Henshaw. He stabbed them both."

"Not Henshaw! You're crazy. No, I'm not. He's a degeerate of the worst type."

"But Henshaw—"

"Let's hear the rest of it."

"Miss Henshaw and I managed to get away early this morning. Her blackguard of an uncle was planning to use her—let's forget that. I hope she doesn't guess that. She has been riding since daybreak, except for two hours at noon when we stopped to change horses at Agua Calientes."

"How did you happen to come this way?"

"Ramon directed us towards Arivaca."

"Wait, I'll tell you now, she is going to marry me."

"What?"

"She doesn't know it yet, but—"

Stuart and Beechy laughed aloud. "That's all right, Joel," Stuart hit him affectionately on the back. "Half the men who know her want to marry her. Don't take it so hard. She's as sweet and chippy as an April day. No man on earth will win that girl in a hurry. Jump on the running board; we'll go up and see her."

"Wait," said Beechy. "I saw that foreman, Ramon, in a car outside the Concordia Club in Nogales, two hours ago."

"By Jove! Did you see Henshaw?"

"No. Ramon was waiting for him, probably."

"What will they be likely to do?"

"Go on to Tucson, probably. Henshaw will figure on your trying to get a train. He's pretty cool. Why wouldn't it occur to him that you had sworn out a warrant against him for murder?"

PRIZES FOR MASKERS AT THIRD ANNUAL HALLOWE'EN CARNIVAL

The third annual Halloween carnival and celebration sponsored by Xenia Municipal Band, will be held Saturday, October 29, it is announced. The celebration will wind up with a masked dance at the Junior Order Hall.

Prizes for forty costumes and character impersonations have been offered by Xenia merchants. The festivities will center at the south lawn of the Court House, where a reviewing stand will be erected. Costume characters will pass in review before a group of judges and prizes will be awarded on the basis of the judges' decision. Space between Detroit and Green Sts. will probably be roped off and given over entirely to the merry-makers.

List of best costumed individual types for which the forty prizes will be given, follows:

Best dressed woman over twenty, best dressed girl between fourteen and twenty, best characterized woman over twenty, boy between fourteen and twenty, boy under fourteen, best characterized boy under twenty, boy between fourteen and twenty, boy under fourteen, most comically dressed girl under fourteen, best characterization of woman over twenty, best characterization of man over twenty, boy between fourteen and twenty, boy under fourteen.

In the free-for-all events, prizes will be awarded for the tallest man and woman, fattest man and woman, shortest man and woman, best characterization of Martha Washington, Charlie Chaplin, Indian, cowboy, Red Cross nurse, clown, hobo, policeman, Rudolph Valentino, colored man, colored woman, Jew, Chinaman, witch, Spaniard, Spanish woman, devil and ghost.

CHARLES FORD IS CALLED BY DEATH

Following an illness of three months, Charles Ford, 69, died at the home of his sister, Mrs. Alice McLean in Cedarville at 6:15 o'clock Monday morning from a complication of ailments.

He was born October 9, 1858, the son of Jacob and Margaret Ford. He is survived by three sisters, Mrs. Mary A. Houchins, Cedarville; Mrs. Sarah Poos, Cincinnati; and Mrs. Alice McLean, with whom he made his home.

Funeral services will be held at Mrs. McLean's residence at 2 o'clock Wednesday afternoon with burial in the Cedarville Cemetery.

HELP STRIKERS

ATHENS, O., Oct. 24.—Union miners' leaders are distributing clothing and shoes shipped to them by the state parent teacher association. Cold weather has caused much suffering in the homes of striking coal miners, it is said.

He jogged up the road ahead of them; running heavily on lagging feet.

Ruth Henshaw waited for him at the cave entrance.

"It's Beechy and Stuart long," he said. "We'll ride in state to Arivaca."

"Isn't that luck!" cried the girl. "Yes," said John Moore; dully. "But, aren't you glad?"

"Of course I'm glad."

"You were right after all about your old Pate lady leading us back to Stew and Beechy!"

"They just happened to come this way," said John Moore almost curtly. "Oh," murmured the girl. "The car rolled up to them."

"You'd better drink some of the coffee before we start," said John. "I'll get it." He went into the cave and stumbled over a saddle; jerked himself upright and hit his head on the rock roof, stooped and fumbled for the coffee pot blindly; knocked it over, spilling the hot liquid on his hand, and then he swore because it was dark.

He struck a match and found a tin cup and filled it with coffee, collected the can of milk and the sugar lumps and took them out to Ruth. "We are so glad you came!" he heard her say.

"Ruth is riding with me!" said Stuart. "We'll get into the car and wait for you fellows. Just turn the horses loose, Beechy. Step lively if you are riding with us. How long does it take a pair of huskies to throw a couple of saddles into a car, anyhow. This girl is cold!"

Inside the cave John Moore swore violently, because he had tripped on a saddle girth.

He followed Beechy into the tonneau of the car. "Let's go!" he said. "The car moved forward."

"Go!" commented Beechy with delighted sarcasm. "That's not the word you need. You want to begin now saying 'Slow' and 'Whoa' when you're driving with Stew."

"You're crazy!" retorted Stuart. "And besides you can't save Ruth about my driving. I've driven her safely over this road at thirty miles an hour and made desperate love to her at the same time! Haven't I, Ruth?"

"Something was desperate," agreed the girl.

"Whoo-oo-oo," yodelled Beechy. "Aw, Ruth," argued Stuart. "You remember last May—"

"Of course I do," said Ruth, soothingly. "Who is it this month, Stew?"

"How she knows you!" chuckled Beechy.

"Never trust a woman, Joe," warned Stuart. "If you'd seen the devotion I gave that girl!"

"Stuart, be good. Who is she this month?" begged Ruth.

"No one," returned Stuart virtuously. "Then brightening, 'But Julia has a guest coming from Lancaster next week.'"

Ruth and Beechy both laughed aloud.

"They have done more for her in half an hour than I did in a year," thought John Moore miserably. "She is laughing again. It's because they are old friends."

He sank back in his corner; insensibly he relaxed.

"This Montana Camp, Joe, called Stuart presently."

"Hush!" warned Beechy. "He's asleep."

Ruth turned to include both Stuart and Beechy. You haven't known him long, Mr. Moore?" she asked gravely.

GILMORE SUGGESTS ANNUAL SPEED RACE FOR WRIGHT FIELD

DAYTON, O., Oct. 24.—Brig. Gen. William E. Gilmore, chief of the material division at Wright Field, and the highest commanding air service officer in Dayton is not only an efficient officer but an ardent aerial fan. As commanding officer he suggested today that an aerial demonstration and a speed race, such as the John L. Mitchell trophy race held at Wright Field annually. He was so enthusiastically pleased with the aerial demonstrations incident to the dedication of the new field last week that he will make suggestions along the line indicated to superior officers at Washington.

There is only one registered extra girl in Hollywood who in the last six months has averaged as much as five days' employment a week. That was revealed recently by the Central Casting Corporation, through which the motion picture studios hire all of their extra talent.

It appears that regularly employed extra girls have become rarer than ranking stars in the home of the movie industry. The studio area can boast approximately 100 stars.

Male extras fared little better. Of a total registration of about 5,000 men, there were not two who averaged six days a week for six months. Twenty men averaged four days a week and twenty-six averaged three days a week. The average daily wage of an extra is \$3.32. Ninety-nine per cent of all those who worked fairly regular, it was revealed, were "dress extras," of preferred status, that is, they had exceptionally good wardrobes. Scarcity of regular employment among screen extras does not mean the studios are not spending money on extra talent. The average daily payroll for extras is \$6,556, but it is distributed among 11,000 regularly registered extras.

Raymond Griffith is in Europe making pictures—Jack Muhl will play the title role of the screen version of "The Butler and the Egg Man." Dorothy Sebastian and Director Clarence Brown are engaged—Laura La Plante's kid sister, Violet, is now in the movies—William Fairbanks will play Buffalo Bill in the forthcoming movie, "Wyoming."

THREE INJURED AS AUTO SWERVES INTO DITCH ALONG PIKE

Three Dayton residents were slightly injured when their coach swerved into a ditch along side-swinging another auto, overturning and hurling the four occupants through the top at 3:30 o'clock Sunday afternoon on the Dayton-Xenia Pike in front of the Greene County Children's Home.

The coach was occupied by Mr. and Mrs. Thomas J. Martin, Mrs. Ethel Smithson, mother of Mrs. Martin, and Mrs. Francis Wisecup, sister of Mrs. Martin, all of Dayton. Mrs. Smithson, Mrs. Wisecup and Martin sustained minor bruises and cuts.

They received medical attention at the Children's Home, afterward returning to Dayton.

Authorities say that Mrs. Martin, an inexperienced driver, attempted to pass another car bound in the same direction, but turned too short, crashing into the rear of the machine. The impact forced the latter car on to the adjacent Dayton-Xenia Railway Co. rails while the coach upset in an adjoining ditch.

Both cars were being driven to Dayton. The machine forced on the car tracks was not damaged and after returning to the highway, continued to Dayton. The driver whose name was not learned, was not hurt.

The coach was wrecked. The Dayton party was returning to Dayton after visiting a relative in Xenia. Mrs. Catherine Dike, employed at the O. S. and S. O. Home.

The wrecked automobile was towed in to Swartz Brothers garage for repairs.

TWO ARRESTED AS ACCIDENT SEQUEL IN SPRING VALLEY

Two men are being held in the County Jail awaiting arraignment in Probate Court on liquor law violations as the result of an auto accident in Spring Valley Sunday morning at 11:30 o'clock in which an unidentified woman is reported to have been slightly hurt.

The pair under arrest are registered as John Ford and Harold Kneisley, both of Pike County.

Kneisley, driver of the auto, faces a charge of operating a car while intoxicated, while Ford will be arraigned on a charge of intoxication. The woman was released. Sheriff Ohmer Tate made the arrests.

Sheriff Tate learned that the coupe, occupied by the trio, crashed into a brick wall in a blind alley in Spring Valley, smashing the front end of the machine and knocking a corner off the wall.

Authorities said the evidence showed the men had been drinking.

Lydia E. Pinkham's Vegetable Compound

Lansing, Mich.—"I have taken Lydia E. Pinkham's Vegetable Compound whenever I needed it. When I first used it I was so bad I could hardly walk across the room without trying to lie down. I was tired all the time. I think my trouble was coming on me for six months before I realized it. I read of your wonderful medicine in the paper, and my husband bought me a bottle, and after the first few doses I felt better, so kept on taking it until I was well and strong. I take it at times when I feel tired and it helps me. I will always have a good word for your medicine and tell anyone what good it has done me. I recommended it to my neighbor for her girl, who is sixteen years old, and it was just what she needed. She is feeling fine now, and goes to school every day."

My Dear Followers: When sending for material which we offer you, please remember to enclose a STAMPED, SELF-ADDRESSED envelope bearing your full name and address. The pamphlet on reducing and gaining is the only one for which you must enclose TEN cents in stamps extra. Address your letters to me in care of this paper. Make them as brief as possible, NOT OVER 200 WORDS, and type or write them legibly with ink. Please sign your name as evidence of good faith—we will not use it in any way. Remember it is impossible for me to diagnose for you or to answer you personally. I appreciate very much the beautiful letters you send me and regret it is impossible to give you individual advice. The questions you ask will be answered in the column as soon as possible, if they are of general interest. Don't forget the STAMPED, SELF-ADDRESSED ENVELOPE if you expect me to send you the information I have offered. —Lulu Hunt Peters.

Answers to Correspondents

Asthma and Diet

"You are saying well, if not my life, at least my self-respect. This is my second attempt to reduce. I started last year with your campaign and after I lost twenty pounds everyone said I looked just right, so I gave in to my friends' (?) or enemies, and stopped. And my, oh my! I've had a terrible time trying to start all over again. However, I have started, and I'm going to stick to the final this time."

"I would like some information on Constipation and also on Asthma. My mother has had that disease for many years. Does diet affect asthma in any way? Dear Doctor, I cannot find words to express how true is my gratitude to you, for my release from excess weight. Just think of being fat all one's life, and then finding a way out!"

You have demonstrated one vital point, E., and that is, that one cannot go back to the former fatening diet without putting right back the weight that has been lost. However, when one gets to normal, then the body can care for very much more food than while fat, and apparently needs it, for no doubt the physical activities increase when the weight becomes normal. But, even then, a continued excess of food will put the weight on again.

Yes, diet does affect asthma very profoundly. There are certain foods that seem to irritate in certain cases. It may be the starches or the meat element in food—the protein—or overeating in general, and the correct diet is a large part of the treatment. Send for the article on Balanced Diet, and the one

on Colds, Catarrh, Asthma and Hay Fever. Enclose a fully self-addressed, stamped envelope with request. (Those who wish the instructions on losing or gaining weight should enclose ten cents in stamps extra.)

Fasting C.—There is no doubt that a few days of fasting in certain disorders are beneficial, but to say this is fast is a cure for everything, including cancer, is very false. If fasting could cure cancer, as you say, then there would be no deaths of cancer of the stomach, because in this condition no food can be tolerated and starvation is the rule. Yet the cancer continues to grow and will terminate in death. This doesn't mean that cancer of the stomach cannot be cured; it is curable, but as far as we know, nothing but early removal can cure it.

Ulcers of the stomach, which may terminate in cancer if not cured, are cured without operations. But not fasting, by any means! In fact, unless there is a hemorrhage (when, until the bleeding stops, starvation is enforced), the treatment is extra food. One of the standard treatments includes milk and cream every hour and those who have ulcers are admonished always to have a little something to eat with them—a cracker or some cream and milk in a flask, to take frequently—to prevent the accumulation of free acid of the stomach, which further erodes the ulcer.

It would be absurd to put a tubercular patient on a fast, also, or the anemic, and many other chronic diseased patients, for such require extra nourishment instead of starvation.

Children who have had whooping cough and vomit very much sometimes die of starvation. According to your theory, they should be cured! After vomiting, these children with whooping cough should be fed cream soups or milk and cream. They often can keep this down, then.

VETERANS MAY SEE OWN COMPANIES IN WORLD WAR MOVIE

Chance of seeing their own companies in actual action in Belgium Woods, St. Mielle, Chateau Thierry and the Argonne will attract many veterans of the World War to "Men of Purpose" which will be shown next Thursday and Friday, October 27 and 28 at the Bijou Theater, it is said.

Nearly three years were devoted to the assembling of this stupendous production. The film records covering the activities of the armies and navies of every country that was at war with Germany were carefully studied so that only the most thrilling, interesting and educational scenes appear.

A zeppelin raid on London, Italian troops crossing the high Alps in snow above their waists, complete details of the German submarine campaign, with the scenes of the actual sinking of allied merchantmen, are part of this ambitious picture, which is being presented by Company L 14th Infantry, "Xenia's Own" unit of the Ohio National Guard.

Those who were overseas will have all the old associations aroused once more on seeing this screen epic, and for those who were not among the olive drab clad overseas defenders, a complete picture of the entire war is presented which conveys to the spectator a much clearer idea of the whole tremendous conflict than could be gained from months of reading.
